Chairman Proctor and Members of the Election Committee,

I am submitting my testimony supporting SB209. I highly support all ballots being returned by 7 pm on election day. I feel voting is a right, but responsibilities come along with that right. It is up to the person to make sure their ballot is returned by the deadline on election day. That deadline is 7pm on election day. Not the next day, not three days later, its 7pm on election day. If you don't trust the mail, drive to a local polling location, and drop it off. To the pundits in the crowd that want to cry about disenfranchising voters, tell these voters to take personal responsibility for getting their ballots turned in on time. If they are late and their vote does not count, it is the voter's fault. Take personal responsibility and get your vote in on time. Again, I am voicing my support to pass SB209 favorably out of committee.

Respectfully,

Brett Anderson
