To whom it may concern:

Wow! This is an incredible incentive to run for office. I want to voice I don't object to looking at current pay scale however to jump almost 200% in one year's time is a bit ridiculous.

Will we be voting like this when minimum wage for the state of KS comes up for committee vote?

Let's be somewhat reasonable with pay increases. Let's allow the people of Ks decide on pay increase. Let the registered people vote on a benefits package along with a change to term limits.

I pray you express the wisdom we have entrusted in our governing authorities to discern on this matter a bit more before signing a blank check.  
The increase is far too much to consider at once.

Sincerely,  
A concerned Resident of Kansas
