SB209

Proponent

Brett Anderson

Representing myself

Chairman Thompson and Members of the Committee,

I am submitting my testimony supporting SB209. I feel there needs to be a hard deadline concerning the end of election day. That includes mail in ballots. Kansas gives ample time for a person who requests a mail in ballot to get it returned. Cities in Kansas have many options of getting your ballot in on time. They offer drop boxes (which I am opposed to), early voting locations, day of voting sites, and the option of mailing it through the post office. It is a matter of personal responsibility to return your ballot. If you cannot return your ballot on time, then your vote will not count. I believe it is as simple as that. Again, I am voicing my support of SB209.

Respectfully,

Brett Anderson
