SB303

Proponent

Chairman Thompson and Members of the senate Federal & State Affairs Committee,

I am submitting my testimony in being a proponent of SB303. Gold and silver have been a staple of economies for centuries. It has been traded, sold, and used as currency in many countries as a staple of backing with value. With the economy going the way it is and the dollar degrading, people are going to be looking for different items to use as legal tender. Nothing is as solid as gold and silver. On top of that, not being penalized with a tax liability for using such legal tender as it increases in value is also a great action. This bill will help with the coming times in the state of Kansas. Again, I support SB303.

Respectfully,

Brett Anderson
