The Honorable Leo Delperdang, Chairperson  
House Committee on Energy, Utilities and Telecommunications  
300 SW 10th Avenue, Room 582-N  
Topeka, Kansas 66612

Dear Representative Delperdang:

**SUBJECT:** Fiscal Note for HB 2309 by House Committee on Energy, Utilities and Telecommunications

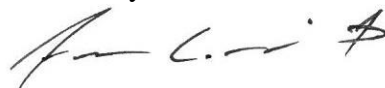

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2309 is respectfully submitted to your committee.

Under HB 2309, the provision of the Kansas Governmental Operations Accountability Law would apply to the 911 Coordinating Council. The Council, subcommittees, contractors, or subcontractors of the council would be subject to audit, review, and evaluation under the Law. The bill would decrease, from \$0.90 to \$0.72, the monthly 911 fee imposed on telecommunications service. The bill would also reduce the prepaid wireless 911 fee from 2.06 percent to 1.65 percent.

The Office of the Attorney General and the Kansas Corporation Commission both state that the bill would not have a fiscal effect.

The Kansas Association of Counties and the League of Kansas Municipalities state that the bill could have an effect on counties and cities that rely on the public safety answering point funding to help coordinate and update 911 services, but the Association and the League are unable to provide an estimate.

Sincerely,

Adam Proffitt  
Director of the Budget
