The Postsecondary Education Systemwide summarizes State expenditures for higher education. The State operates six state universities under the control of the Board of Regents. The state universities are divided into nine budget units. Separate analysis for each of these units follow this overview. The State also provides financial assistance to local postsecondary educational institutions and student financial aid through the budget of the Board of Regents. Only the State's share of the local postsecondary educational institutions' budgets are reflected in the state budget.

EXECUTIVE SUMMARY

The 2023 Legislature approved a budget of \$4.3 billion, including \$1.0 billion from the State General Fund (SGF), for the Postsecondary Education Systemwide for FY 2024. Several adjustments have been made subsequently to that amount, which changes the current year approved amount without any legislative action required.

- **REAPPROPRIATIONS.** There is \$53.2 million SGF moneys that has reappropriated from FY 2023 into FY 2024. Of the reappropriated funds, \$21.9 million is from scholarships and \$2.7 million is in research, including \$2.7 million for Aviation Research at Wichita State. Of the remaining appropriated funds, \$28.5 million is for demolition and capital renewal projects.
- **EDUCATIONAL BUILDING FUND REAPPROPRIATIONS.** There is \$54.1 million in Educational Building Fund Money reappropriated from FY 2023 into FY 2024.

The **agency** requests a revised estimate of \$4.3 billion, including \$1.2 billion SGF, in FY 2024. This is an all funds increase of \$394.6 million, or 10.1 percent, and an SGF increase of \$2.5 million, or 0.2 percent, above the approved amount from all funding sources. The expenditure increases are in most categories, with the largest increases in contractual services (\$69.5 million), capital outlay (\$29.2 million), commodities (\$12.5 million) and other assistance (\$70.6 million), and capital improvements (\$176.9 million).

The **Governor** concurs with the agency’s revised estimate in FY 2024 for total expenditures with the following adjustment: The Governor recommends funding the Health Sciences Education Center with \$41.0 million, all from American Rescue Plan Act (ARPA) moneys. This would swap \$30.0 million of the funding from WSU and KU Medical Center to State General Funds.

The **agency** requests \$4.3 billion, including \$1.3 billion SGF, in expenditures for FY 2025. This is an all funds increase of \$27.8 million, or 0.6 percent, and an SGF increase of \$141.9 million, or 11.8 percent, above the FY 2024 revised estimate. The increases are primarily in commodities (\$5.6 million), aid to locals (\$11.2 million), and other assistance (\$70.9 million). The SGF increase is primarily due to enhancement requests.

The enhancement requests include \$75.0 million for the Cancer Center at University of Kansas Medical Center (KUMC), \$15.0 million for the Fort Hays State University Nursing Workforce Development, \$14.1 million for Kansas Board of Regents needs-based aid, and \$25.0 million for Kansas State University (KSU) Ag Innovation.

The **Governor** recommends \$4.3 billion, including \$1.3 billion SGF, for FY 2025. This is a decrease of \$72.4 million, or 1.7 percent, below the agency’s request. The decrease is primarily due to reduced expenditures in aid to locals (\$36.4 million), other assistance (\$27.5 million), and salaries and wages (\$191,492). This is mainly due to the Governor not recommending several of the agencies enhancement requests.

STATE GENERAL FUND

For the Postsecondary Education Systemwide, SGF expenditures increased by \$201.5 million, or 16.8 percent, from FY 2023 to FY 2024. SGF expenditures have increased by \$141.9 million, or 11.8 percent, from FY 2024 to FY 2025. The increase can be attributed to the enhancement requests.

LEGISLATIVE APPROVED

Subsequent to the 2023 Session, two adjustments were made to the \$4.3 billion appropriated to the Postsecondary Education Systemwide for FY 2024. These adjustments change the current year approved amount without any legislative action required and include the following:

1. **SGF REAPPROPRIATIONS.** There is \$53.2 million SGF moneys that has reappropriated from FY 2023 into FY 2024. Of the reappropriated funds, \$21.9 million is from scholarships, \$2.7 million in research, including \$2.7 million for Aviation Research at Wichita State, and \$2,007 for KU Medical Center Stem Cell Therapy. Of the remaining appropriated funds, \$28.5 million is for demolition and capital renewal projects.
2. **EDUCATIONAL BUILDING FUND REAPPROPRIATIONS.** There is \$54.1 million in Educational Building Fund monies reappropriated from FY 2023 into FY 2024.

AGENCY ESTIMATE

The **agency** requests a revised estimate of \$4.3 billion including \$1.2 billion SGF in FY 2024. This is an increase of \$394.6 million or 10.1 percent above the approved amount from all funding sources. The expenditure increases are in most categories with the largest increases in contractual services (\$69.5 million), capital outlay (\$29.2 million), commodities (\$12.5 million) and other assistance (\$70.6 million), and capital improvements (\$176.9 million).

The **agency’s** estimate includes the following adjustments:

3. **ADULT EDUCATION MOE.** The Board of Regents submits a \$110,000 SGF supplemental request for the Maintenance of Effort (MOE) for the Adult Education program, which assists job seekers who have no high school diploma with accessing employment, education, and training.
4. **PAY PLAN SHORTFALL.** The 2023 Legislature appropriated \$120.0 million, including \$46.0 million SGF, across all state agencies to provide salary adjustments for FY 2024 based on the Department of Administration Market Survey. This total amount was short

by approximately \$11.8 million, including \$11.4 million SGF, statewide in FY 2024. To account for this, the State Finance Council prorated agency distribution of the available appropriations by approximately 20.0 percent. For Postsecondary Education Systemwide, a supplemental appropriation of \$2.7 million SGF in FY 2024 is required to achieve the intended effect of the Legislative Pay Plan in 2023 SB 25.

5. **HEALTH SCIENCES EDUCATION CENTER.** The Board of Regents requests \$41.0 million from ARPA moneys for the Wichita Health Sciences Education Center in FY 2024.
6. **ALL OTHER ADJUSTMENTS.** Other adjustments include an all funds increase of \$350.8 million, including an SGF decrease of \$259,420. The increase in other funds includes Restricted Fee Funds (\$112.8 million), faculty of distinction (\$5.1 million), deferred maintenance support (\$26.5 million), general fee fund (\$36.7 million), \$30.0 million for a Health Collaboration Fund, \$13.6 million in ARPA funds, and \$54.1 million for the Educational Building Fund.

GOVERNOR'S RECOMMENDATION

The **Governor** concurs with the agency's revised estimate in FY 2024 for total expenditures with the following adjustment:

7. **HEALTH SCIENCES EDUCATION CENTER FUNDING SWAP.** The Governor recommends funding the Health Sciences Education Center with \$41.0 million, all from ARPA moneys. This would swap \$30 million of the funding from the WSU and KU Medical Center to State General Funds.

FY 2024 CHANGE FROM ACTUAL EXPENDITURES

The **agency** estimates revised expenditures of \$4.3 billion including \$1.2 billion SGF, in FY 2024. This is an all funds increase \$713.7 million, or 18.2 percent, including an SGF increase of \$201.5 million, or 16.8 percent, above the actual expenditures in FY 2023. The all funds increase includes a \$176.2 million increase in salaries and wages, a \$22.0 million increase in commodities, a \$50.9 million increase in aid to locals, a \$40.3 million increase in other assistance, and a \$385.3 million increase in capital improvements.

The SGF expenditure increase in FY 2024 includes \$10.6 million for salary increases as a part of a 5.0 percent statewide salary increase from the 2023 Legislature, \$14.3 million for Two Year College Apprenticeship Programs, \$10.5 million for technical colleges operating grant, and combined \$45.0 million for capital renewal and demolition projects.

AGENCY REQUEST

The **agency** requests \$4.3 billion, including \$1.3 billion in SGF, for FY 2025. This is an all funds increase of \$27.8 million, or 0.6 percent, including \$141.9 million SGF, or 11.8 percent, above the FY 2024 revised estimate.

The **agency’s** request includes the following adjustments:

1. **KBOR REQUEST.** The Board of Regents requests \$102.3 million SGF, mainly for need-based aid, educational resources, and retention programs.
2. **UNIVERSTIES REQUEST.** The Board of Regents requests \$157.7 million SGF for multiple projects at the Regents Institutions.
3. **WASHBURN REQUEST.** The Board of Regents requests \$3.0 million SGF for a one-time expense to build a manufacturing center and expand the current Custom Training Program at Washburn.
4. **COMMUNITY AND TECHNICAL COLLEGES.** The Board of Regents request \$37.5 million SGF for operating expenditures, business partnership, and cybersecurity.
5. **ALL OTHER ADJUSTMENTS.** There is an SGF increase of \$141.8 million from FY 24 to FY 25 SGF. The 2023 Legislature passed an amendment to break out the Postsecondary Operating Grant. These items are reflected as individual recurring enhancements for FY 25. Below reflects the increase:
 - \$9.5 million SGF for the NISS Playbook
 - \$15.0 million SGF for Universities IT Infrastructure and Cybersecurity
 - \$14.1 million SGF for Need-Based Aid
 - \$1.0 million SGF for Adult Basic Education
 - \$1.9 million SGF for the Nursing Faculty Grant Scholarship

GOVERNOR'S RECOMMENDATION

The **Governor** recommends \$4.3 billion, including \$1.3 billion in SGF, for FY 2025. This is a decrease of \$72.4 million, or 1.7 percent, below the agency's request. The decrease is primarily due to reduced expenditures in aid to locals (\$36.4 million), other assistance (\$27.5 million), and salaries and wages (\$191,492). This is mainly due to the Governor not recommending most of the agency's enhancement requests.

The **Governor's** recommendation includes the following adjustments:

6. **KBOR REQUEST.** The Governor recommends expenditures of \$77.0 million for the Kansas Board of Regents (KBOR) enhancement request for FY 2025.
7. **UNIVERSITIES REQUEST.** The Governor recommends expenditures of \$117.6 million for the Board of Regents for multiple university projects.
8. **COMMUNITY AND TECHNICAL COLLEGES REQUEST.** The Governor partially adopts the request and deletes \$28.2 million, for total recommendation of \$9.3 million for FY 2025.

The **Governor's** recommendation also includes 2.0 FTE positions for the Board of Regents office, which is 2.0 FTE positions less than the agency's FY 2025 request.

ENHANCEMENT REQUESTS

All enhancements for FY 2025 are requested by the Board of Regents on behalf of the Board office, Universities, and Colleges. The total enhancement request for FY 2025 is \$301.3 million. All amounts shown in the table below are State General Fund.

Board of Regents

TOTAL	-	\$ 147,788,900	4.0	\$ 86,306,700	2.0	

- Request 1:** The Board of Regents requests \$418,000 SGF and 4.0 FTE positions to enhance support staff at the Board of Regents in key areas, including Academic Affairs, Communication, Adult Education, and IT Systems development.

The Governor recommends partial adoption of this request, \$209,000 SGF and 2.0 FTE positions.

- Request 2:** The Board of Regents requests \$1.3 million SGF to invest in college navigators to assist student applying for financial aid and assist with general college advising, and support students and families exploring options for postsecondary education.

The Governor does not recommend adoption of this request.

- Request 3:** The Board of Regents requests \$9.0 million SGF to create a concurrent diploma plus program with three system-wide transfer postsecondary courses offered to all academically eligible Kansas high school junior and seniors. The funding would pay for the delivery of the courses, and student can enroll with no cost except for textbooks.

The Governor does not recommend adoption of this request.

Request 4: The Board of Regents requests \$9.5 million SGF for continued investment in the NISS playbook. The playbook recommends specific action items for each university to increase retention and graduation rates for all students. This includes effective advising strategies, math pathways, common course placement, and degree maps.

The Governor recommends adoption of this request.

Request 5: The Board of Regents requests \$200,00 SGF for Open Education Resources (OER), which are teaching, learning, and research materials to replace textbooks. Funding for OER will create a position for staff oversight, create subscription access for public institutions, and create a grant fund.

The Governor does not recommend adoption of this request.

Request 6: The Board of Regents requests \$15.0 million for continued State investment to maintain and update IT infrastructure at the Regents Institutions.

The Governor recommends partial adoption of this request, with \$7.5 million SGF.

Request 7: The Board of Regents requests \$6.5 million SGF for continued State investment to maintain and update IT infrastructure at community and technical colleges.

The Governor recommends adoption of this request.

Request 8: The Board of Regents requests \$2.0 million SGF maintain support for the Kansas Nursing Initiative after the Legislature enacted the grant in 2006.

The Governor recommends adoption of this request.

Request 9: The Board of Regents requests \$5.0 million SGF for the Rural Kansas Initiative. This initiative supports students in rural communities from high school into college for the first two years. Students are able to complete their associates degree and complete a bachelors degree at a public university.

The Governor does not recommend adoption of this request.

Request 10: The Board of Regents requests \$20,000 SGF to reimburse financial aid staff for expenditures to participate in FASFA completion events around the state.

The Governor does not recommend adoption of this request.

Request 11: The Board of Regents requests \$500,000 SGF to maintain and expand efforts using the system to connect students with Kansas employers early in their college careers to showcase the types of opportunities available within the state.

The Governor does not recommend adoption of this request.

Request 12: The Board of Regents requests \$7.0 million SGF for cost increase for utilities and other contracted services due to inflation at the public universities.

The Governor recommends adoption of this request.

Request 13: The Board of Regents requests \$9.0 million SGF to assist the three regional universities to meet the needs of the regional economy, expand the regional workforce, strengthen student access, and bolster the universities' technological and safety systems.

The Governor does not recommend adoption of this request.

Request 14: The Board of Regents requests \$9.3 million SGF for Career Technical Education (SB 155) and for tiered and non-tiered courses.

The Governor recommends adoption of this request.

Request 15: The Board of Regents requests \$14.3 million SGF to continue investment for community and technical college apprenticeships and business outreach.

The Governor does not recommend adoption of this request.

Request 16: The Board of Regents requests \$10.5 million SGF for continued investment to the Technical College Operating grant.

The Governor does not recommend adoption of this request.

Request 17: The Board of Regents requests \$1.1 million SGF to assist with the match for the Adult Education Services MOE, increase services for English Language Acquisition students, and expand education training centers assisting students to get a GED.

The Governor partially recommends adoption of this request and deletes \$1.0 million, for a total recommendation of \$110,00 for FY 2025.

The **postsecondary educational institutions**, which include the state universities, community colleges, technical colleges, and Washburn University, request \$1.1 billion SGF for operating budgets for FY 2025. This is an increase of \$175.1 million, or 18.0 percent, above the revised estimate for FY 2024. The increase is primarily due to enhancement requests of \$301.3 million and additional expenditures for salaries and wages and fringe benefits.

The **Governor** recommends expenditures of \$972.7 million SGF. This is a decrease of \$172.3 million, or 15.0 percent, below the agencies' FY 2025 request. This decrease is primarily attributable to the Governor not fully recommending all of the agencies' enhancement requests.

TECHNICAL COLLEGES CAPITAL OUTLAY. The **Board of Regents** requests \$4.8 million SGF for FY 2025 for the Technical Colleges Capital Outlay.

The **Governor** concurs with the agency's request for FY 2025.

TECHNICAL COLLEGES OPERATING GRANT. The **Board of Regents** requests \$10.5 million SGF for FY 2025 for the technical colleges operating grant.

The **Governor** recommends expenditures of \$9.3 million for FY 2025. This is a decrease of \$1.2 million, or 11.4 percent, below the agency's request for FY 2025. The decrease is due to the Governor only funding a partial enhancement.

COMMUNITY COLLEGES CAPITAL OUTLAY. The **Board of Regents** requests \$5.0 million SGF for FY 2025 for community colleges capital outlay.

The **Governor** does not recommend the agency's request for FY 2025.

MUNICIPAL UNIVERSITY OPERATING GRANT. The **Board of Regents** requests \$14.0 million SGF for FY 2025 for the Municipal University Operating Grant. SB 345 (1999) applies the same funding formula for state support for Washburn University as is used for community colleges.

The **Governor** concurs with the agency's request for FY 2025.

TIERED AND NON-TIERED GRANTS. The **Board of Regents** requests \$95.4 million SGF for FY 2025 for non-tiered course credit hour grants for general education and \$66.1 million SGF for postsecondary tiered technical education state aid for technical education courses to support the 19 community colleges and 7 technical colleges in the state.

The **Governor** concurs with the agency's request for FY 2025.

ADULT BASIC EDUCATION. The **Board of Regents** requests \$2.5 million SGF to support the 30 adult education centers in the state for FY 2025. The request is the same amount as the FY 2024 revised estimate.

The **Governor** recommends expenditures of \$1.5 million. This is a decrease of \$1.0 million, or 39.0 percent, below the agency's request for 2025.

POSTSECONDARY OPERATING GRANT. The **Board of Regents** requests \$192.7 million SGF for the postsecondary operating grant for multiple projects at the public institutions.

The **Governor** recommends expenditures of \$36.8 million SGF for FY 2025. This is a decrease of \$155.9 million, or 80.9 percent, below the agency's request for FY 2025.

OTHER STATE FUNDING

The **Board of Regents** and **universities** request \$4.5 million from the other centrally appropriated state funds for the benefit of the universities from the Economic Development Initiatives Fund and the State Water Plan Fund for FY 2025.

ECONOMIC DEVELOPMENT INITIATIVES FUND

The following are the budgeted expenditures from the Economic Development Initiatives Fund for the Board of Regents:

- \$2.5 million for technical education capital outlay;
- \$179,284 for the Technology Innovation and Internship program;
- \$993,265 for the Experimental Program to Stimulate Competitive Research;
- \$500,000 for community college comparative grants; and
- \$329,048 for research at Kansas State University–ESARP.

STATE WATER PLAN FUND

The following is the budgeted expenditures from the State Water Plan Fund for the University of Kansas:

- \$40,000 for the Kansas Geological Survey at the University of Kansas.

The **Governor** concurs with the agencies' request for the EDIF and State Water Plan Fund for FY 2025.

STATE UNIVERSITIES

TUITION AND GENERAL FEES. State university tuition and fees are set with the approval of the Board of Regents. With the exception of certain designated fees credited to restricted use funds, tuition and general fees are credited to the General Fees Fund of each institution. Although subject to appropriation, under the State University Operating Grant Plan, the General Fees Fund moneys are appropriated to the institutions without an expenditure limit, permitting maximum flexibility in the use of those funds. For FY 2024, the Board of Regents set tuition rates after the adjournment of the 2023 Legislative Session, and the same schedule is anticipated for FY 2025. During the the May 2023 board meeting, the Regents approved increases at the six state universities ranging from 5.0 to 7.0 percent.

The following compares estimated General Fee Fund expenditures for the current fiscal year as presented to the 2023 Legislature, the revised current fiscal year estimate, and the current estimate for FY 2025.

STUDENT FINANCIAL AID

STUDENT FINANCIAL AID. The **Board of Regents** administers a number of student financial aid programs as well as other special programs. The agency requests \$59.3 million SGF to support State-sponsored student financial aid programs for FY 2025.

The **Governor** concurs with the agency's request for FY 2025.

Need-Based Aid

KANSAS COMPREHENSIVE GRANT PROGRAM (KSA 74-32,120). Created by the 1998 Legislature, the Comprehensive Grant program provides grants to financially needy students. The program provides need-based grants to full-time (taking 12 credit hours or more per semester) undergraduate students with no previous baccalaureate degrees who have submitted the federal student financial aid application by the priority deadline and who are Kansas residents enrolled in accredited Kansas colleges and universities. The program is intended to provide up to half of the average tuition and fees of state educational institutions. However, it is subject to available appropriations. The maximum annual award is \$1,500 for a student enrolled at a state educational institution or municipal university and \$3,500 for a student enrolled at an independent institution.

KANSAS STATE SCHOLARSHIP PROGRAM (KSA 72-6810). The State Scholarship program was enacted in 1963 and is the oldest State-supported financial aid program. State scholars are selected on the basis of merit (high school seniors who complete the Kansas Scholars Curriculum based on an index number utilizing ACT composite score and seventh semester grade point average (GPA)). Recipients must be financially needy undergraduate Kansas residents with no previous baccalaureate degree, enrolled full-time, and have submitted the federal student financial aid application and state application. Recipients must maintain a 3.0 college GPA measured at the end of each spring semester.

KANSAS PROMISE SCHOLARSHIP PROGRAM (KSA 74-32,271). The scholarship is a "last dollar" scholarship awarded to students attending eligible programs of study at public community and technical colleges, Washburn Institute of Technology, and certain independent, not-for-profit institutions that offer eligible programs of study. The award amount is determined based on the student's aggregate amount of tuition, required fees, books, and required materials less all other aid, (*i.e.* grants scholarships or financial assistance that they are awarded that do not require repayment.) Students must be Kansas residents and sign an agreement to live and work in Kansas for two years after completing their program of study. Failure to do so will result in the student repaying the amount of the scholarship assistance that they received plus interest. The interest rate is set at the federal PLUS interest rate at the time that the student enters into the service obligation agreement.

CAREER TECHNICAL WORKFORCE GRANT (KSA 72-4460). The Career Technical Workforce Grant was created in 1986 to recognize, with financial assistance, students who receive high scores on a standardized vocational skills test and who enroll in one- or two-year vocational programs. The program provides for a maximum individual grant of \$1,000. Students must be undergraduate Kansas residents with no previous baccalaureate degree, enrolled full-time, and have taken the Differential Aptitude Test. Funding is allowed for a second year if the recipient is enrolled in a program longer than one academic year. During the 2012 Session, this scholarship program was revised to include students pursuing certificate programs and part-time enrollment with a focus on those who are pursuing studies that lead to jobs in high-demand areas of the state's economy. Recipients must be Kansas residents attending Kansas postsecondary educational institutions that award associate and certificate degrees. The Differential Aptitude Test will no longer be given to determine eligibility.

OPTOMETRY SERVICE SCHOLARSHIP PROGRAM (KSA 76-721A). The Kansas Legislature authorized contracts between the Board of Regents and selected schools of optometry for approximately 40 students to attend out-of-state school at resident tuition rates. Depending on the school attended, the recipient may be required to practice optometry in Kansas for one year for each year of financial assistance or repay the assistance at the interest rate under the federal Parent Loan for Undergraduate Students program at the time the student entered into the agreement plus five percentage points. Students are ranked academically by the optometry schools and are funded in that order.

The ROTC Service Scholarship program was established in 1979 to provide for the payment of tuition for eligible ROTC students each year at state and municipal universities that have a ROTC program. There is a statutory maximum of 160 recipients. In exchange, scholarship recipients agree to serve four years in the Kansas National Guard to repay the benefits plus interest. The average award for the program is \$7,256.

KANSAS NATIONAL GUARD EDUCATIONAL ASSISTANCE PROGRAM (KSA 74-32,145). The Kansas National Guard Educational Assistance program was created in 1996 for the purpose of assisting students who are eligible National Guard members with tuition and fees for postsecondary education. The program provides 100.0 percent of the cost of tuition

and fees for eligible guard members enrolled in an area vocational technical school, college, community college, municipal university, state educational institution, or accredited independent postsecondary institutions within Kansas. The students receiving assistance must agree to complete their current service obligation in the Kansas National Guard, plus three months service for each semester of assistance they have received. Failure to do so results in the student repaying the State an amount equal to the total amount of assistance received. The annual award is projected to be \$3,300.

ENROLLMENT TRENDS. The Board of Regents changed the way students are counted starting fall 2018. In the past, the agency used headcount, whereas now the agency is using full-time equivalent (FTE) students, which is calculated by taking the total credit hours enrolled and dividing by 30 hours per year (which is considered a full-time student). FTE students enrolled at the public universities, private colleges and universities, community colleges, technical colleges, and other institutions in fall 2023 totaled 136,642 which is an increase of 1,132 FTE students, or 0.8 percent, above the fall 2021 enrollment. Not included in this data are students enrolled in proprietary schools, and vocational education students who are not attending a community college or technical college. The following table compares the FTE students for fall 2021, 2022, and 2023.

PERFORMANCE MEASURES

The 2016 Legislature passed HB 2739, which outlined a three-year process for state agencies to develop and implement a system of performance budgeting using outcome measures to evaluate program effectiveness.

BOARD OF REGENTS

STATUTORY BASIS: • Article 6 of the *Kansas Constitution*

PROGRAM GOALS: • Help Kansas families.
• Support Kansas businesses.
• Support students.

Article 6 of the *Kansas Constitution* directs the Legislature to provide for a Board of Regents composed of nine members appointed by the Governor and subject to confirmation by the Senate. One member is to be from each congressional district, with the remaining members appointed at large. The Board of Regents is responsible for coordination of all postsecondary education in the state and supervising the operation of the six state Regents universities. In carrying out this responsibility, the Board 1) appoints a chief executive officer to administer each university; 2) reviews the mission, role, and curriculum of each university; 3) sets tuition, fees, and charges to be collected at each university; 4) submits requests to the Legislature for funds to operate its universities and central office staff

and for funds to construct, maintain, and equip university buildings; 5) administers student financial aid programs; 6) determines the eligibility of private postsecondary Kansas institutions to confer academic or honorary degrees; 7) registers courses conducted in Kansas by postsecondary institutions located outside the state; and 8) administers state aid to Washburn University. The 1999 Legislature expanded the duties of the Board with the passage of the Higher Education Coordination Act (SB 345). Under the Act, the Board is charged with the coordination of all higher education and is responsible for State assistance in support of community colleges, vocational technical schools, and adult basic education.

The **agency** requests an operating budget of \$456.0 million, including \$437.3 million SGF, for FY 2025. This is an all funds increase of \$86.8 million, or 23.5 percent, including an SGF increase of \$87.3 million, or 25.0 percent, above the revised FY 2024 agency's request. The increase is primarily due to the enhancement requests (\$215.0 million) to increase funding for the universities and colleges, fund the Build a Talent Pipeline initiative, provide additional scholarships, and

increase the capital outlay for the technical colleges.

The **Governor** recommends operating expenditures of \$390.7 million, including \$372.1 million SGF, for FY 2025. This is an all funds decrease of \$65.3 million, or 14.3 percent, including an SGF decrease of \$65.3 million, or 14.9 percent, below the agency's request due to decreased expenditures for aid to local units (\$37.5 million) and other assistance (\$27.5 million).

EMPORIA STATE UNIVERSITY

Emporia State University (ESU) was originally established in 1863 as the Kansas State Normal School to provide teachers for Kansas. In 1970, ESU became a regents institution under the direction of the Board of Regents. The institution received its present name in 1977. ESU instructional programs include both baccalaureate and advanced degree work, as well as specialized continuing education for professional practitioners. ESU offers programs in arts and sciences disciplines, teacher education programs, business programs, and library and information management.

In fall 1993, ESU enrolled its first class of nine students pursuing the Ph.D. degree in library and information management. The William Allen White Library is a major source of academic support for the university. ESU fosters research and other forms of creative and scholarly activity, and also makes the expertise of its faculty available for public service to provide information, advice, and other services to the public.

The number of FTE students attending Emporia State University during the fall 2023 semester was 3,431, which is a decrease of 512 FTE students, or 12.9 percent, below the fall 2022 semester number.

The **agency** requests an operating budget of \$92.4 million, including \$41.1 million SGF, for FY 2025. This is an all funds decrease of \$17.9 million, or 13.3 percent, including an SGF decrease of \$742,895, or 1.9 percent, below the revised FY 2024 request. This decrease is

primarily due to a reduction in salaries and wages (\$12.1 million) and a reduction in contractual services (\$5.6 million).

The **Governor** concurs with the agency's request for FY 2025.

FORT HAYS STATE UNIVERSITY

Fort Hays State University (FHSU) is located on land that was once the Fort Hays Military Reservation. In March 1900, the U.S. Congress passed legislation granting the abandoned Fort Hays Military Reservation to the State of Kansas for the purpose of establishing an experiment station of the Kansas State Agricultural College, a western branch of the State Normal School, and a public park. The land grant was accepted by the 1901 Kansas Legislature. Over the years, the school has been termed the Fort Hays Kansas Normal School (1914); Kansas State Teachers College of Hays (1922); Fort Hays Kansas State College (1931); and Fort Hays State University (1977). The activities of FHSU are those generally found in liberal and applied arts universities. Liberal arts degrees are offered in most basic disciplines on the bachelor's and master's levels. Applied arts degrees are offered in agriculture, business, elementary education, home economics, industrial arts, physical education, and nursing. Teacher training is offered in all disciplines where applicable, and professional curricula also are available.

The number of FTE students attending Fort Hays State University during the fall 2023 semester was 7,884, which is a decrease of 89 FTE students, or 1.1 percent, below the fall 2022 semester number.

The **agency** requests an operating budget of \$159.0 million, including \$45.2 million SGF, for FY 2025. This is an all funds decrease of \$869,693, or 0.5 percent, including an SGF decrease of \$815,837, or 2.0 percent, below the FY 2024 revised estimate. This decrease is

primarily due to reduced expenditures in contractual services (\$804,903).

The **Governor** concurs with the agency's request for FY 2025.

KANSAS STATE UNIVERSITY

Kansas State University (KSU) was established in 1863, becoming the first land grant institution under the provisions of the Morrill Act of 1862. KSU is a comprehensive research institution. KSU offers instruction in agriculture, architecture planning and design, arts and sciences, business administration, education, engineering, health and human sciences, technology, and veterinary Medicine, and offers a full compliment of graduate studies.

KSU's Veterinary Medical School in Manhattan and its Agricultural Research program are treated as separate agencies for budget preparation purposes. Separate analysis of these entities are included below. KSU is fully accredited by the North Central Accrediting Association and by various professional accrediting agencies.

The number of FTE students attending Kansas State University during the fall 2023 semester was 15,735, which is a increase of 96 FTE students, or 0.6 percent, above the fall 2022 semester number.

The **agency** requests an operating budget of \$601.3 million, including \$138.1 million SGF, for FY 2025. This is an all funds increase of \$6.3 million, or 1.1 percent, including an SGF decrease of \$1.8 million, or 1.6 percent, above

the FY 2024 estimate. The increase is due to additional salaries and wages (\$1.6 million) and commodities (\$3.4 million)

The **Governor** concurs with the agency's request for FY 2025.

KSU-EXTENSION AND AGRICULTURE RESEARCH PROGRAMS

Kansas State University–Extension Systems and Agricultural Research Programs (ESARP) was established as a separate budget unit in FY 1993 by the merger of the Kansas Agricultural Experiment Station (KAES), the Cooperative Extension Service (CES), and the International Grain, Meat, and Livestock programs. All programs were previously part of the KSU budget (except for the Office of Academic programs and Office of the Dean) and are included in this separate agency administered by the Dean of Agriculture.

KAES and CES are programs mandated by both federal and state legislation. The systems included participation by the land grant universities, including KSU, and the U.S. Department of Agriculture (USDA). Base formula funds are provided by the USDA. KAES conducts research statewide at 2 research centers, 2 research-extension centers, and 11 experimental fields in addition to the main station in Manhattan.

The research is conducted by KAES in five colleges of KSU: Agriculture, Health and Human Sciences, Engineering, Arts and Sciences, and Veterinary Medicine. CES is a research-based educational system with extension agents in each county and with specialists in five area offices and in four colleges on the KSU campus. Specialists are housed in the colleges of Agriculture, Health and Human Sciences, Engineering, and Veterinary Medicine.

This is an all funds increase of \$401,191, or 0.2 percent, including an SGF increase of \$217,341, or 0.7 percent, above the FY 2024 revised estimate. The increase is primarily due to additional salaries and wages

expenditures of \$147,880, or 0.1 percent, primarily for fringe benefits, and an increase of contractual services expenditures of \$156,852, or 0.8 percent.

The **Governor** concurs with the agency's request for FY 2025.

KSU-VETERINARY MEDICAL CENTER

The Veterinary Medical Center was established at KSU in 1905. It was included within the main campus budget of KSU until 1978. The institution trains veterinarians, conducts broad-based interdisciplinary research, provides continuing education for veterinarians, and provides hospital and diagnostic services to the public. Its academic programs are fully accredited by the Council on Education of the American Veterinary Medical Association.

The number of FTE students attending KSU–Veterinary Medical Center during the fall 2023 semester was 765, which is a decrease of 6 FTE students, or 0.7 percent, below the fall 2022 semester number.

PITTSBURG STATE UNIVERSITY

Pittsburg State University (PSU) was established in 1903 by the Legislature to serve the higher education needs of southeast Kansas. In 1970, PSU became a Regents institution operating under the direction of the Board of Regents. PSU functions as a comprehensive regional university, providing undergraduate and graduate programs and services primarily to the citizens of southeast Kansas. This is accomplished through academic programs in arts and sciences, business and economics, education, and technology and applied science. PSU is also committed to fulfilling its statewide mission in technology and economic development. PSU seeks to fulfill the traditional academic missions of teaching, scholarship, and service.

The number of FTE students attending Pittsburg State University during the fall 2023 semester was 5,025, which is an increase of 26 FTE students, or 0.5 percent, above the fall 2022 semester number.

UNIVERSITY OF KANSAS

The University of Kansas (KU) was established in 1864 by the Kansas Legislature. KU is a major comprehensive research and teaching university. It is the only Kansas Regents university to hold membership in the Association of American Universities (AAU), a group of 62 public and private research universities that represent excellence in graduate and professional education and the highest achievements in research internationally.

In addition to the main campus in Lawrence, KU includes medical centers in Kansas City and Wichita, the Regents Center in Overland Park, and other education and research facilities throughout the state. KU has 14 major academic divisions, including Liberal Arts and Sciences, Graduate School, Allied Health, Architecture and Urban Design, Business, Education, Engineering, and Social Welfare.

The number of FTE students attending the University of Kansas during the fall 2023 semester was 22,187, which is an increase of 1,545 FTE students, or 7.4 percent, above the fall 2022 semester number.

UNIVERSITY OF KANSAS MEDICAL CENTER

The University of Kansas Medical Center (KUMC) is under the jurisdiction of the University of Kansas. The Executive Vice-chancellor of KUMC reports directly to the Chancellor of the University of Kansas. KUMC is composed of the School of Medicine (located in Kansas City and Wichita), the School of Nursing, the School of Allied Health, and a graduate school. KUMC was established in 1905 through the merger of a number of proprietary medical schools; the first building on the present site was opened in 1924.

The number of FTE students attending the University of Kansas Medical Center during the fall 2023 semester was 2,804, which is an increase of 2 FTE students, or 0.07 percent, above the fall 2022 semester number.

The **agency** requests an operating budget of \$565.8 million, including \$125.7 million SGF, for FY 2025. This is an all funds increase of \$8.7 million, or 1.6 percent, including an SGF increase of \$722,551, or 0.6 percent, above the

FY 2024 revised estimate. The increase is primarily due to additional salary and wages (\$2.2 million) and an increase in contractual services (\$6.5 million).

The **Governor concurs** with the agency's request for FY 2025.

WICHITA STATE UNIVERSITY

Wichita State University (WSU) was established as Fairmount College and was operated by the Congregational Church from 1895 to 1926. In 1926, it became a municipal university under the jurisdiction of the City of Wichita. Since July 1, 1964, the institution has been a part of the state Regents system of higher education under the auspices of the Board of Regents. As a metropolitan university located in the state’s largest urban area, WSU serves a large number of nontraditional students. WSU has two distinct student bodies: one is composed of traditional students ages 18 to 23 who devote themselves full time to school and campus activities, and the other is composed of older students who work on a part-time or full-time basis while in school.

The number of FTE students attending Wichita State University during the fall 2023 semester was 11,728, which is a decrease of 56 FTE students, or 0.4 percent, below the fall 2022 semester number.

The **agency** requests an operating budget of \$756.6 million, including \$106.1 million SGF, for FY 2025. This is an all funds increase of \$1.5, or 0.2 percent, and an SGF decrease of \$1.1 million, or 1.5 percent, below the FY 2024

revised estimate. The increase is primarily due to increased expenditures in contractual services (\$1.9 million), partially offset by decreases in capital outlay (\$2.4 million).

The **Governor** concurs with the agency's request for FY 2025.

CAPITAL IMPROVEMENTS

The Postsecondary Education Systemwide includes the capital improvements and debt service principal for the Board of Regents and all state universities. Capital improvements SGF funding is only included for debt service

principal at Pittsburg State University. The Board of Regents is including an enhancement request totaling \$20.0 million SGF for deferred maintenance.

FY 2024 CAPITAL IMPROVEMENTS

The **agencies'** revised estimates for FY 2024 total \$532.2 million, including \$82.9 million SGF, for capital improvements. The major capital projects include NIAR Tech and Innovation Building and an addition to the Marcus Welcome Center at WSU. Other projects include maintenance and repair at Weflad Residence and Dining Hall and Jardine Hall at KSU, and lab remodeling at KU School of Engineering.

NIAR Tech and Innovation Building

This new 150,000-square-foot, two-story research facility will be located on an undeveloped 4.77-acre parcel on the Innovation campus. Comprising 6 research labs (robotics and automation, emerging tech and digital manufacturing, composites, advanced machining and prototyping, and additive manufacturing) in combination with related student and faculty support spaces, this facility is organized with flexibly designed high-bay research labs surrounding a central core of support spaces. This new NIAR building will provide an opportunity for WSU students to engage in smart manufacturing, applied research, and training opportunities through a comprehensive center that promotes the safety, research, manufacturing, and design elements of today's aviation industry.

Addition to Marcus Welcome Center

In June 2020, WSU was authorized to move forward with an addition to the Marcus

The **Governor** concurs with the agencies' revised estimates for capital improvements in FY 2024.

FY 2025 CAPITAL IMPROVEMENTS

The **agencies'** requests for FY 2025 total \$482.3 million, including \$157.1 million SGF, for capital improvements. The major capital projects include the Rhatigan Student Center project at WSU and the 11th and Mississippi new campus gateway and Kansas Geological Survey Laboratory Facility Updates at KU.

Welcome Center. The addition will bring together three offices (Office of Admissions, Career Development, and Applied and Experiential Learning) in one central location. The project will renovate 5,500 square feet and create an addition of 7,500 square feet to the building.

Weflad Residence and Dining

The Weflad Residence and Dining Hall project at KSU was approved in 2014 and consolidated two housing projects and dining hall renovations into one project that builds a new residence hall and dining center. The project includes an additional 450 beds for on-campus student rooms.

Jardine Hall

The projects at KSU's Jardine Hall include renovations for housing, roads, and parking. Renovations for housing units include 808 units, 312 family units, and 1,472 single student beds within a mix of apartments, townhouses, and scholarship housing. Additionally, there is a project to construct a new roadway by Kerr Drive and extend the roadway along the west perimeter.

KU Engineering

The University of Kansas School of Engineering unitizes 12 buildings for its programs. This includes an expansion project to remodel lab and research space.

Other projects include maintenance and repair at Self Oswald Hall and Jayhawker Tower, Lewis and Ellsworth student housing units at KU, and Seaton Hall Renovations and upgrades to Weflad Residence and Dining Hall at KSU.

Rhatigan Student Center

The Rhatigan Center at WSU had renovation in 2012-2014 and is now a hub for student activity on campus. The project includes interior renovations and additional space to support the work of student organizations, student government, and student engagement. This project will improve availability of large and small meeting rooms and study rooms to include 24-hour study spaces.

11th and Mississippi

This project is located at the corner of 11th and Mississippi and is becoming the north gateway to the University of Kansas. This gateway provides direct access to the new Jayhawk Welcome Center, the Kansas Memorial Union, Dyche Hall, Spencer Museum of Art, and David Booth Kansas Memorial Stadium. The goals for this project are to develop a multipurpose venue with entertainment functions, retail, dining, health care services, and more.

KGS

The Kansas Geological Survey is a research and service division of the University of Kansas that provides information about the state's groundwater and geologic resources. KGS current projects include the Geological Core Library Addition, which is an additional library and research space on the KU Lawrence Campus.

KU Housing

There are several renovation projects for Jayhawker Towers, Self/Oswald Hall, and Lewis

and Ellsworth student housing units. Jayhawker Towers is apartment-style student housing commonly used by upperclassman and transfer students. Ellsworth student housing was opened in 1963 and renovated in 2003, with traditional two-person rooms. Oswald Hall is the newest student housing of these three units, built in 2015. It is a three-building complex for freshman only and houses 350 residents.

Seaton Hall

The East Seaton Hall project consists of remodeling existing portions and demolishing the least-usable portions of Seaton Court at KSU. The goal of the project is to create a modern learning and research facility. The renovation and addition plan includes demolishing \$42,500 square fee to build an 110,7000-square-foot addition. Seaton Hall houses the College of Architecture Planning and Design.

The **Governor** recommends \$474.0 million including, \$148.9 million SGF, for capital improvements for FY 2025. This is an all funds decrease of \$8.3 million, or 1.7 percent, and an SGF decrease of \$8.3 million, or 5.3 percent. There is a decrease of \$108.2 million due to the Governor not recommending several projects within the Postsecondary Operating Grant. The decrease is partially offset by the addition of \$75.0 million for the KUMC Medical Center and \$25.0 million for the NISS Academic Playbook.

The recommendation does include \$30.0 million SGF to continue capital renewal and capital demolition projects at the universities.
