

2023 Kansas Statutes

2-3303. Requirements for chemigation users. Persons applying any chemical by the chemigation process in an irrigation system shall:

- (a) Register with the secretary;
- (b) use anti-pollution devices; and
- (c) keep records and make reports as deemed appropriate by the secretary.

History: L. 1985, ch. 5, § 3; July 1.
