

2023 Kansas Statutes

72-2642. Audits. The retirement system shall be subject to supervision and audit in the same manner and by the same agencies as other departments of the state. The board shall have authority either to conduct or to require audits of those accounts of the boards and agencies designated by this act to make deductions which affect the retirement system.

History: L. 1941, ch. 341, § 25; April 16.
