Topeka, KS 66612-1504

RE: Support of HB2295

Chairman Powell and members of the Agriculture & Natural Resources Committee:

This letter is written in support of an extended deer hunting season in Kingman County. We need this extended season because of the high number of car-deer accidents in our area.

We appreciate the work you do.

Best regards,

Jane O. Wallace
Executive Director
Kingman County Economic Development
