## ECONOMIC IMPACT STATEMENT

**K.A.R. 115-25-7.** Antelope; open season, bag limit, and permits.

**DESCRIPTION:** This proposed exempt regulation establishes hunting unit boundaries, bag limit, application periods and season dates for the 2011 firearm, muzzleloader, and archery antelope seasons. The hunting units include all of the area included during the 2010 season. An unlimited number of archery permits are authorized, however, recent trends indicate that about 250 people may apply for these permits for residents. 5 nonresident archery permits were issued in 2010 and it is anticipated that a like number will be issued in 2011.

The proposed unit boundaries for the 2011 firearm hunting season are the same as the 2010 unit boundaries. A total of 154 firearms permits are proposed in three management units as follows: Unit 2-100 permits, Unit 17-40 permits, and Unit 18-14 permits, an increase of 18 permits from the previous season. In addition, 48 muzzleloader permits are proposed in three management units as follows: Unit 2-26 permits, Unit 17-12 permits, and Unit 18-10 permits, the same number of permits from the previous season.

**FEDERAL MANDATE:** None.

**ECONOMIC IMPACT:** It is anticipated that 466 antelope hunting permits will be authorized. Estimated revenue if all permits are issued would be approximately \$14,530. That amount represents equal participation in the antelope season by landowner/tenants and general residents, as well as nonresident participation. Approximately 1150 people will apply for an antelope permit or preference point. A \$5 nonrefundable application fee from all applicants will generate an additional \$5,575. Other administrative costs associated with the season are borne by the Department.

Approximately 2140 days of hunting activity will occur. The national survey of fishing, hunting, and wildlife associated recreation conducted by the U.S. Fish and Wildlife Service estimated that an average big game hunter spent more than \$1100 per season, thus the antelope season may generate \$470,800 in direct economic benefits to businesses providing goods and services. There will be no other economic impact on the general public, small businesses or on other state agencies.

**ALTERNATIVES CONSIDERED:** None.

**115-25-8. Elk; open season, bag limit, and permits.** (a) The unit designations in this regulation shall have the meanings specified in K.A.R. 115-4-6b, except that the area of Fort Riley, subunit 2a, shall not be included as part of Republican-Tuttle, unit 2.

(b) The open seasons for the taking of elk shall be as follows:

(1) The archery season dates and units shall be as follows:

(A) Statewide, except Fort Riley, subunit 2a, and unit 1: September 19, 2011 through December 31, 2011.

(B) Fort Riley, subunit 2a: September 1, 2011 through October 2, 2011.

(2) The firearm season dates and units shall be as follows:

(A) Statewide, except Fort Riley, subunit 2a, and unit 1: November 30, 2011 through December 11, 2011 and January 1, 2012 through March 15, 2012.

(B) Fort Riley, subunit 2a:

(i) First segment: October 1, 2011 through October 31, 2011.

(ii) Second segment: November 1, 2011 through November 30, 2011.

(iii) Third segment: December 1, 2011 through December 31, 2011.

(3) The muzzleloader season dates and units shall be as follows:

(A) Statewide, except Fort Riley, subunit 2a, and unit 1: September 1, 2011 through October 2, 2011.

(B) Fort Riley, subunit 2a: September 1, 2011 through October 2, 2011.

## ECONOMIC IMPACT STATEMENT

**K.A.R. 115-25-8.** Elk; open season, bag limit and permits.

**DESCRIPTION:** This proposed exempt regulation establishes hunting unit boundaries, bag limit, application periods and season dates for the 2011-2012 muzzleloader, archery, and firearm seasons for elk. The units allow for statewide use for limited-quota permits, except in a portion of Morton County. Limited-quota elk and unlimited hunt-on-your-own-land (HOYOL) hunters would be allowed to hunt during any open season with the equipment that was allowed during that season. Unlimited general either-sex and antlerless-only permits would allow the use of the permits in all units but would exclude two units. Unlimited HOYOL either-sex and antlerless-only permits would be allowed statewide, except a portion of Morton County, Unit 1. The proposed regulation would allow elk hunting from September 1, 2011 through March 15, 2012 statewide (outside Fort Riley, except Unit 1). Fifteen limited-quota antlerless permits would also be valid during a September muzzleloader and archery equipment season on Fort Riley, Subunit 2a. However, only five limited-quota antlerless-only elk permits at a time would be made available for use during each of three seasons on subunit 2a (Fort Riley) (October 1, 2011 through October 31, 2011; November 1, 2011 through November 30, 2011; and December 1, 2011 through December 31, 2011). Ten limited-quota either-sex elk permits would be valid from September 1, 2011 through December 31, 2011 on subunit 2a and from September 1, 2011 through March 15, 2012 in the remainder of the state, except Unit 1. Fort Riley military personnel would continue to control access to the military grounds for the purpose of elk hunting, and are expected to provide hunting access only during a portion of the available days during the open seasons. The seasons are intended to provide increased opportunity for those hunters drawing elk permits, and increased flexibility to address elk that may disperse off the Fort as well as those animals beginning to appear within other locations in the State. This represents a decrease of 2 total limited-quota permits for 2011.

**FEDERAL MANDATE:** None

**ECONOMIC IMPACT:** It is anticipated that 25 limited-quota elk permits will be issued. Based on 2010 numbers, it is estimated that at least another 25 HOYOL permits will be issued and as well as 25 unlimited general permits. In addition, it is estimated that 980 of people will apply for the drawing permits or bonus points and those individuals pay a \$5 nonrefundable application fee. The application fee generates \$4900. Estimated revenue if all permits are issued would be approximately \$8000. Administrative costs associated with the season are borne by the Department. Approximately 235 days of hunting activity may occur, thus providing \$51,700 economic benefit to businesses providing goods and services. To the extent the expanded unit, seasons, and permit numbers help prevent dispersal of elk onto private land, and therefore help prevent occurrence of damage from dispersed elk, there may be some positive economic impact to the general public. No other economic impact on the general public, small businesses, or on other state agencies is anticipated.
