K.A.R. 63-4-1**

Proposed

I. Summary of Proposed Regulation, Including Its Purpose.

The proposed amendments to K.A.R. 63-1-6 add cremation and crematory operators as a result of Senate Substitute for HB 2310 from the 2010 Legislative Session. The category of Crematory Operator's biennial license and renewal fee has been added.

II. Reason or Reasons the Proposed Regulation Is Required, Including Whether or Not the Regulation is Mandated by Federal Law.

Amendments are due to the passage of Senate Substitute for HB 2310 from the 2010 Legislative Session.

III. Anticipated Economic Impact upon the Kansas State Board of Mortuary Arts.

There are currently 31 crematories licensed in the state of Kansas. If each of the 31 crematories adds two (2) crematory operators, then the net income to board would be \$2,400.00 (62 licenses @ \$50 each by 80%) over the two-year renewal period. Because initial licenses will be prorated, initial income will be considerably less as licenses are figured based on the first letter of an applicants surname.

IV. Anticipated Financial Impact upon Other Governmental Agencies and upon Private Business or Individuals.

The Board does not anticipate economic impact on other governmental agencies. Impact to crematories will be \$50 per license every two-years with the initial license prorated based on the first letter of the surname of the applicant—if the crematory pays for the license.

V. Anticipated Economic Impact upon Licensees or Applicants for Licensure.

The cost to crematory operators will be \$50 per license every two-years with the initial license prorated based on the first letter of the surname of the applicant.

VI. Less Costly or Intrusive Methods That Were Considered, but Rejected, and the Reason for Rejection.

None.
