Whom It My Concern:

Elizabeth C. Medina, am a Kansas Resident. I am a registered Kansas voter. I have lived in Kansas for 8 years. I am a single mother of five. I work full-time as a Retention Specialist for a non for profit organization.

My work experience has placed me in contact with several adults who are illiterate. Some of my Client's are not able to complete an application. What a disservice to these people?

Support SB410. Please, we can't let our child down. Thank you for your time.

Regards,

Elizabeth C. Medina
