

2012 Kansas Statutes

8-1592. Lamps, brakes and other equipment on bicycles. (a) Every bicycle when in use at nighttime shall be equipped with a lamp on the front which shall emit a white light visible from a distance of at least five hundred (500) feet to the front and with a red reflector on the rear of a type approved by the secretary of transportation which shall be visible from all distances from one hundred (100) feet to six hundred (600) feet to the rear when directly in front of lawful lower beams of head lamps on a motor vehicle. A lamp emitting a red light visible from a distance of five hundred (500) feet to the rear may be used in addition to the red reflector.

(b) Every bicycle shall be equipped with a brake which will enable the operator to make the braked wheels skid on dry, level, clean pavement.

(c) No person shall sell a pedal for use on a bicycle, unless such pedal is equipped with a reflector of a type approved by the secretary of transportation which is visible from the front and rear of the bicycle to which it is attached during darkness from a distance of two hundred (200) feet, and no person shall sell a new bicycle, unless it is equipped with pedals meeting the requirements of this subsection.
