

2012 Kansas Statutes

12-620. Same; sewers in highways or across vacant lots. The governing body of any such city shall have power to construct sewers or drains through, under, across or along any street, alley or public highway, and may construct such sewers or drains across any vacant lot upon leaving the same in as good condition as such lot was in before the construction of such sewers or drains.

History: L. 1909, ch. 90, § 4; March 30; R.S. 1923, § 12-620.
