

2012 Kansas Statutes

12-1680a. Acquisition of computerized police and fire vehicle locating equipment; general obligation bonds. The governing body of any city or county may acquire all or any part of the equipment necessary or desirable for the operation of a computerized program for locating and reporting on the location of police and fire vehicles, and may issue general obligation bonds of such city or county in the amount necessary for the payment of all or part of the cost thereof.

History: L. 1976, ch. 404, § 1; April 14.
