

2012 Kansas Statutes

25-2014a. Ballots in school elections; preparation. Ballots for primary and general school elections shall be prepared in such manner that each voter is instructed to vote for the same number of candidates as the number of positions to be filled for which the voter is qualified to vote. When the voter may vote for more than one candidate, such instruction shall also specify that the voter may vote for fewer than the total number for which the voter is qualified to vote.
