

2012 Kansas Statutes

60-3804. Same; determining damages. In determining damages in an action for personal injury or death, the trier of fact shall determine the net collateral source benefits received and the net collateral source benefits reasonably expected to be received in the future. If the action for personal injury or death is tried to a jury, the jury will be instructed to make such determination by itemization of the verdict.

History: L. 1988, ch. 222, § 4; July 1.
