72-6416. General state aid; determination of entitlement; amount. (a) In each school year, the state board shall determine entitlement of each district to general state aid for the school year as provided in this section.

(b) The state board shall determine the amount of the district's local effort for the school year. If the amount of the district's local effort is greater than the amount of state financial aid determined for the district for the school year, the district shall not be entitled to general state aid.
