

2012 Kansas Statutes

72-6623. Same; allocation and transference of revenues; apportionment. The county treasurer of the county within which such property is located shall allocate and transfer one-half of the revenues derived from tax levies imposed by the unified school district within which such property is located to each of the two school districts in which the cities holding title to such property are located. Such allocation shall be made among the tax levy funds of the district in which such property is not located in the proportion that the tax levy for each such fund bears to the total tax levies made for all funds of the district.

History: L. 1974, ch. 307, § 3; March 7.
