

2012 Kansas Statutes

75-3152. Salary of secretary; ineligible for other position; compensation from other institutions.

The salary of the secretary of health and environment shall be governed by the provisions of K.S.A. 75-5601 and said secretary shall hold no other office or position in any other department of the state for which said secretary may receive compensation except that, said secretary may receive compensation, for services rendered, from any institution under the jurisdiction of the state board of regents.
