

2012 Kansas Statutes

75-5224. Contagious disease or catastrophe; removal of inmates. In the case of any contagious disease, natural disaster or catastrophe occurring in any institution under the control of the secretary, the secretary may cause the removal of such inmates as may be necessary to a place of security consistent with their safekeeping until such time as said inmates may safely be returned to such institution.

History: L. 1973, ch. 339, § 33; July 1, 1974.
