

2012 Kansas Statutes

75-5740. Accident problems of state; understanding, reduction, prevention; safety education. It shall be the duty of the secretary of labor: To promote better understanding of the accident problem of this state and of state and municipal laws enacted for the purpose of aiding in the solution of the problem; to promote a permanent educational program for the purpose of enlisting the cooperation of all citizens in reducing accidents; to work for the prevention of accidents on streets and highways, in the home, in the factories, on the farm and whenever preventable accidents occur; and to promote safety measures of every kind and character and to educate the public generally in the matters of safety.

History: L. 1939, ch. 293, § 4; L. 1976, ch. 370, § 87; L. 2004, ch. 179, § 137; July 1.
