

2012 Kansas Statutes

76-369. Same; affiliation agreements; terms. Affiliation agreements entered into by the university shall contain such terms as may be necessary to accomplish the objectives of the family practice residency training programs, except that each affiliation agreement shall provide that:

(a) Reimbursement is conditioned upon obtaining and retaining accreditation from the council on medical education of the American medical association or the successor to such council;

(b) All teaching personnel participating in the program will be approved by the university and will at all times carry at least adjunct professorial rank, such rank to be subject to all board of regents and university policies applying thereto;

(c) Program curriculum will be approved by the university;

(d) Residents will be selected jointly by the university and its affiliates;

(e) The university will annually approve the fiscal year budget for the program;

(f) An accreditation team will occasionally review the program as deemed necessary;

(g) The university will reimburse all appropriate costs within its determined share and within budget limitations otherwise established; and

(h) All applications for funds from governmental sources shall be approved by the chancellor of the university of Kansas. Any funds received from such sources for basic program support may be subtracted from the related program budget before the university's percentage obligation for that year is calculated.
