

2012 Kansas Statutes

76-723. Federal funds; application for, receipt, deposit and expenditure. The board of regents, or any state educational institution with the approval of the board of regents, may make and file applications for federal funds appropriated and made available by federal law for purposes related to the operation or function of such board or institution. The board of regents, or any state educational institution with the approval of the board of regents, may receive from the federal government, or any of its agencies, any funds made available under existing law, rules or regulations, or that may hereafter be made available. The board of regents, or any state educational institution with the approval of the board of regents, may expend the same in accordance with the law, and the rules, regulations and requirements under which such funds are made available. Such moneys shall be expended only in accordance with and for the purposes specified in federal law. Federal funds shall be deposited in the state treasury.

History: L. 1970, ch. 371, § 13; L. 1977, ch. 237, § 38; April 21.
