

2012 Kansas Statutes

76-1521. Same; name of institution; qualifications of superintendent; services and facilities. The hospital established under K.S.A. 76-1520 shall be known as the "southeast Kansas tuberculosis hospital." The superintendent of such institution shall be a person well versed in medical science and skilled in the treatment and care of tuberculosis patients. The institution shall provide diagnostic, out-patient and in-patient treatment services and facilities at such institution.

History: L. 1953, ch. 416, § 2; L. 1973, ch. 369, § 25; July 1.
