Joanne Budler, State Librarian

State Library of Kansas

Sam Brownback, Governor

MEMORANDUM

February 6, 2013

To: Representative Ward Cassidy, Chair
House Education Budget Committee

From: Joanne Budler, State Librarian 

Re: Clarification of Talking Books' funding

In response to your inquiry about the State Library of Kansas' (SLK) request for redistribution, the purpose of this change is to restore the amounts to the original planned SLK Budget, i.e., \$351,970 in the Talking Books Services to Sub-regional Libraries grants. This places the difference of \$169,682 back into Operating Expenditures where it was prior to the clerical error.

It is important to note that this change only affects grants to Talking Books' outreach centers. Talking Books' core services are funded through the State Library's Operating Expenditures.

Thank you for the opportunity to clarify this matter.
