

KANSAS BOARD OF REGENTS

**House Federal and State Affairs Committee  
Andy Tompkins, CEO and President  
HB 2055  
February 21, 2013**

Chairman Siegfried and members of the House Federal and State Affairs Committee, the Kansas Board of Regents submit written testimony regarding HB 2055, which amends the Personal and Family Protection Act.

The Kansas Board of Regents supports the local control section of this bill but is neutral on the rest of HB 2055. New Section 1(i) authorizes the governing board of colleges and universities to decide whether to exempt the institution from this section of this act. This local control provision allows the governing board to debate and make the appropriate decision for that particular campus.

Thank you for your time and consideration of our position.
