The administrative law judges follow the Kansas Administrative Procedure Act (KAPA), which is K.S.A. 77-501 through 77-566, plus any statutes or regulations that pertain to that particular program or agency.

Let me know if you need anything else.

Sharon-

It was good to visit with you this morning.

During the last KanCare Oversight Committee hearing, during the discussion about the appeals and grievances processes, the request was made by the Committee members to determine what the guidelines and statutory requirements are for the administrative law judges in the Office of Administrative Hearings.

Can you please send me this information as soon as possible. The Committee is meeting again next Monday and would like to have this information beforehand.

Thanks in advance for your help and expertise!

Sincerely,

Lea Stueve Taylor
Assistant Secretary
Kansas Department for Aging and Disability Services
