5 *Be it enacted by the Legislature of the State of Kansas:*

6 Section 1. K.S.A. 2012 Supp. 72-6441 is hereby amended to read as  
7 follows: 72-6441. (a) (1) The board of any district to which the provisions  
8 of this subsection apply may levy an ad valorem tax on the taxable  
9 tangible property of the district each year for a period of time not to  
10 exceed two years in an amount not to exceed the amount authorized by the  
11 state court of tax appeals under this subsection for the purpose of financing  
12 the costs incurred by the state that are directly attributable to assignment of  
13 ancillary school facilities weighting to enrollment of the district. The state  
14 court of tax appeals may authorize the district to make a levy which will  
15 produce an amount that is not greater than the difference between the  
16 amount of costs directly attributable to commencing operation of one or  
17 more new school facilities and the amount that is financed from any other  
18 source provided by law for such purpose, including any amount  
19 attributable to assignment of school facilities weighting to enrollment of  
20 the district for each school year in which the district is eligible for such  
21 weighting. If the district is not eligible, or will be ineligible, for school  
22 facilities weighting in any one or more years during the two-year period  
23 for which the district is authorized to levy a tax under this subsection, the  
24 state court of tax appeals may authorize the district to make a levy, in such  
25 year or years of ineligibility, which will produce an amount that is not  
26 greater than the actual amount of costs attributable to commencing  
27 operation of the facility or facilities.

28 (2) The state court of tax appeals shall certify to the state board of  
29 education the amount authorized to be produced by the levy of a tax under  
30 subsection (a).

31 (3) The state court of tax appeals may adopt rules and regulations  
32 necessary to effectuate the provisions of this subsection, including rules  
33 and regulations relating to the evidence required in support of a district's  
34 claim that the costs attributable to commencing operation of one or more  
35 new school facilities are in excess of the amount that is financed from any  
36 other source provided by law for such purpose.

1 (4) The provisions of this subsection apply to any district that: (A)  
2 Commenced operation of one or more new school facilities in the school

18 significantly greater than the costs attributable to the operation of other  
19 school facilities in the district. The tax authorized under this subsection  
20 may be levied at a rate which will produce an amount that is not greater  
21 than the amount computed by the state board of education as provided in  
22 this subsection. In computing such amount, the state board shall:
