

SESSION OF 2013

SUPPLEMENTAL NOTE ON HOUSE BILL NO. 2138

As Amended by House Committee on Utilities
and Telecommunications

Brief*

HB 2138 would repeal seventeen statutes concerning oil and gas.

Background

The bill was introduced by the House General Government Budget Committee. The Kansas Corporation Committee (KCC) had suggested the repeal of these statutes. A representative from the KCC testified at the House Utilities and Telecommunications Committee hearing on the bill that the statutes are duplicative or obsolete.

A technical amendment was made by the House Committee to include a statute for repeal inadvertently omitted from the bill.

The fiscal note submitted by the Division of the Budget on the original bill indicated the bill would have no fiscal effect.

*Supplemental notes are prepared by the Legislative Research Department and do not express legislative intent. The supplemental note and fiscal note for this bill may be accessed on the Internet at <http://www.kslegislature.org>
