

19-3623f. Same; annexation of district property by cities; procedure; agreements; outstanding obligations. (a) If any land included in a fire district created under the provisions of K.S.A. 19-3613, and amendments thereto, is thereafter annexed by any city, such land shall continue to be within and a part of the fire district unless the governing bodies of the city and fire district shall negotiate an agreement providing for the transfer of such land to the city. Such negotiations may include the transfer of other property of the fire district and the payment of compensation therefor. Any such agreement shall be submitted to and approved by the board of county commissioners, and thereupon such land shall be detached from the fire district and any other property to be transferred to the city under the agreement shall be transferred.

(b) When the land annexed to such city is detached and excluded from such district the governing body of the fire district shall redefine the new boundaries of the fire district to exclude the land so detached. All general obligation bonds issued for the acquisition or construction of fire stations or buildings, the acquisition of sites therefor and the purchase of fire fighting equipment by a fire district which are issued prior to the detachment of such land shall continue as an obligation of the property subject to taxation for the payment thereof at the time such bonds were issued.
