

25-4403. Same; county commission and election officer may authorize; issuance of bonds; abandonment of system, when. (a) The board of county commissioners and the county election officer of any county may provide an electronic or electromechanical voting system to be used at voting places, or for advance voting in the county at national, state, county, township, city and school primary and general elections and in question submitted elections.

(b) The board of county commissioners of any county in which the board of county commissioners and county election officer have determined that an electronic or electromechanical voting system shall be used may issue bonds to finance and pay for purchase, lease or rental of such a system.

(c) The board of county commissioners and the county election officer of any county may adopt, experiment with or abandon any electronic or electromechanical system herein authorized and approved for use in the state and may use such a system in all or any part of the voting areas within the county or in combination with an optical scanning voting system or with regular paper ballots. Whenever the secretary of state rescinds approval of any voting system, the board of county commissioners and the county election officer shall abandon such system until changes therein required by the secretary of state have been made, or if the secretary of state advises that acceptable changes cannot be made therein, such abandonment shall be permanent.
