

**79-32,117. Kansas adjusted gross income of an individual; addition and subtraction modification.** (a) The Kansas adjusted gross income of an individual means such individual's federal adjusted gross income for the taxable year, with the modifications specified in this section.

(b) There shall be added to federal adjusted gross income:

(i) Interest income less any related expenses directly incurred in the purchase of state or political subdivision obligations, to the extent that the same is not included in federal adjusted gross income, on obligations of any state or political subdivision thereof, but to the extent that interest income on obligations of this state or a political subdivision thereof issued prior to January 1, 1988, is specifically exempt from income tax under the laws of this state authorizing the issuance of such obligations, it shall be excluded from computation of Kansas adjusted gross income whether or not included in federal adjusted gross income. Interest income on obligations of this state or a political subdivision thereof issued after December 31, 1987, shall be excluded from computation of Kansas adjusted gross income whether or not included in federal adjusted gross income.

(ii) Taxes on or measured by income or fees or payments in lieu of income taxes imposed by this state or any other taxing jurisdiction to the extent deductible in determining federal adjusted gross income and not credited against federal income tax. For purposes hereof, a tax benefit shall be deemed to have resulted if the amount of the tax had been deducted in determining income subject to a Kansas income tax for a prior year regardless of the rate of taxation applied in such prior year to the Kansas taxable income, but only that portion of the refund shall be included as bears the same proportion to the total refund received as the federal taxes deducted in the year to which such refund is attributable bears to the total federal income taxes paid for such year. For purposes of the foregoing sentence, federal taxes shall be considered to have been deducted only to the extent such deduction does not reduce Kansas taxable income below zero.

(v) The amount of any depreciation deduction or business expense deduction claimed on the taxpayer's federal income tax return for any capital expenditure in making any building or facility accessible to the handicapped, for which expenditure the taxpayer claimed the credit allowed by K.S.A. 79-32,177, and amendments thereto.
