Re: Capital Muriel

Dear Committee:

I am writing regarding the Muriel project in the Capital, I have had the pleasure of working and knowing Mr. Michael Young for many years and would highly recommend him for doing this very important project. Michael has done so many wonderful projects is a very gifted artist and visionary who truly loves Kansas.

I would be more than happy to personally visit with anyone regarding Michael and is wonderful talent. I wish the Committee the very best in completing this wonderful project for our great State.

Warmest Regards,

Jerry Reilly
