**Written Testimony from NAIFA Kansas
In Support of Increase of the
Minimum Motor Vehicle Liability Insurance Policy Limits
Before the Special Committee on Insurance
December 7, 2015**

Mr. Chairman and Committee Members, thank you for the opportunity to provide testimony to the Special Committee on Insurance today on behalf of the members of NAIFA Kansas in support of increased minimum motor vehicle liability insurance policy limits. Our membership consists of Kansans who are actively engaged as life, health, property and casualty insurance agents and financial advisors.

NAIFA Kansas members are engaged in offering insurance and other related financial services and occupy the unique position of liaison between the purchasers and the suppliers of insurance and closely related financial products.

Since the last time the statute was amended in 1984, the costs of medical and automobiles have increased. The present minimums have not kept up with inflation and no longer cover the damages in an accident. NAIFA Kansas does not have a specific amount of coverage that they would recommend, but would support the limits provided in House Bill 2067, which were \$50,000 for bodily injury for one person, \$75,000 for multiple people and \$35,000 for property damage.

Thank you for your consideration.
