

## REPORTS OF STANDING COMMITTEES

MADAM PRESIDENT:

The Committee on **Commerce** recommends **HB 2617**, as amended by House Committee, be amended on page 1, following line 6, by inserting:

"Section 1. K.S.A. 2015 Supp. 44-501 is hereby amended to read as follows: 44-501.

(a) (1) Compensation for an injury shall be disallowed if such injury to the employee results from:

(A) The employee's deliberate intention to cause such injury;

(B) the employee's willful failure to use a guard or protection against accident or injury which is required pursuant to any statute and provided for the employee;

(C) the employee's willful failure to use a reasonable and proper guard and protection voluntarily furnished the employee by the employer;

(D) the employee's reckless violation of their employer's workplace safety rules or regulations; or

(E) the employee's voluntary participation in fighting or horseplay with a co-employee for any reason, work related or otherwise.

(2) ~~Subparagraphs (B) and (C) of paragraph (1) of Subsection (a)(1)(B) and (C)~~ shall not apply when it was reasonable under the totality of the circumstances to not use such equipment, or if the employer approved the work engaged in at the time of an accident or injury to be performed without such equipment.

(b) (1) (A) The employer shall not be liable under the workers compensation act where the injury, disability or death was contributed to by the employee's use or consumption of

alcohol or any drugs, chemicals or any other compounds or substances, including, but not limited to, any drugs or medications which are available to the public without a prescription from a health care provider, prescription drugs or medications, any form or type of narcotic drugs, marijuana, stimulants, depressants or hallucinogens.

(B) In the case of drugs or medications which are available to the public without a prescription from a health care provider and prescription drugs or medications, compensation shall not be denied if the employee can show that such drugs or medications were being taken or used in therapeutic doses and there have been no prior incidences of the employee's impairment on the job as the result of the use of such drugs or medications within the previous 24 months.

(C) It shall be conclusively presumed that the employee was impaired due to alcohol or drugs if it is shown that, at the time of the injury, the employee had an alcohol concentration of .04 or more, or a GCMS confirmatory test by quantitative analysis showing a concentration at or above the levels shown on the following chart for the drugs of abuse listed:

	Confirmatory test cutoff levels (ng/ml)
Marijuana metabolite <sup>1</sup> .....	15
Cocaine metabolite <sup>2</sup> .....	150
Opiates:	
Morphine .....	2000
Codeine .....	2000
6-Acetylmorphine <sup>4</sup> .....	10 ng/ml
Phencyclidine .....	25
Amphetamines:	
Amphetamine .....	500
Methamphetamine <sup>3</sup> .....	500

<sup>1</sup> Delta-9-tetrahydrocannabinol-9-carboxylic acid.

<sup>2</sup> Benzoylcegonine.

<sup>3</sup> Specimen must also contain amphetamine at a concentration greater than or equal to 200 ng/ml.

<sup>4</sup> Test for 6-AM when morphine concentration exceeds 2,000 ng/ml.

(D) If it is shown that the employee was impaired pursuant to subsection (b)(1)(C) at the time

of the injury, there shall be a rebuttable presumption that the accident, injury, disability or death was contributed to by such impairment. The employee may overcome the presumption of contribution by clear and convincing evidence.

(E) An employee's refusal to submit to a chemical test at the request of the employer shall result in the forfeiture of benefits under the workers compensation act if the employer had sufficient cause to suspect the use of alcohol or drugs by the claimant or if the employer's policy clearly authorizes post-injury testing.

(2) The results of a chemical test shall be admissible evidence to prove impairment if the employer establishes that the testing was done under any of the following circumstances:

(A) As a result of an employer mandated drug testing policy, in place in writing prior to the date of accident or injury, requiring any worker to submit to testing for drugs or alcohol;

(B) during an autopsy or in the normal course of medical treatment for reasons related to the health and welfare of the injured worker and not at the direction of the employer;

(C) the worker, prior to the date and time of the accident or injury, gave written consent to the employer that the worker would voluntarily submit to a chemical test for drugs or alcohol following any accident or injury;

(D) the worker voluntarily agrees to submit to a chemical test for drugs or alcohol following any accident or injury; or

(E) as a result of federal or state law or a federal or state rule or regulation having the force and effect of law requiring a post-injury testing program and such required program was properly implemented at the time of testing.

(3) Notwithstanding subsection (b)(2), the results of a chemical test performed on a sample collected by an employer shall not be admissible evidence to prove impairment unless the following conditions are met:

(A) The test sample was collected within a reasonable time following the accident or injury;

(B) the collecting and labeling of the test sample was performed by or under the supervision of a licensed health care professional;

(C) the test was performed by a laboratory approved by the United States department of health and human services or licensed by the department of health and environment, except that a blood sample may be tested for alcohol content by a laboratory commonly used for that purpose by state law enforcement agencies;

(D) the test was confirmed by gas chromatography-mass spectroscopy or other comparably reliable analytical method, except that no such confirmation is required for a blood alcohol sample; and

(E) the foundation evidence must establish, beyond a reasonable doubt, that the test results were from the sample taken from the employee; ~~and~~

~~(F) a split sample sufficient for testing shall be retained and made available to the employee within 48 hours of a positive test.~~

(4) In addition to the requirements set forth in paragraph (3), a split sample sufficient for testing shall be retained and made available to the employee within 48 hours of a positive test if the employer, using a facility on the employer's premises, collects the sample that is the subject of the chemical test.

(c) (1) Except as provided in paragraph (2), compensation shall not be paid in case of coronary or coronary artery disease or cerebrovascular injury unless it is shown that the exertion of the work necessary to precipitate the disability was more than the employee's usual work in the course of the employee's regular employment.

(2) For events occurring on or after July 1, 2014, in the case of a firefighter as defined by K.S.A. 40-1709(b)(1), and amendments thereto, or a law enforcement officer as defined by K.S.A. 74-5602, and amendments thereto, coronary or coronary artery disease or cerebrovascular injury shall be

compensable if:

(A) The injury can be identified as caused by a specific event occurring in the course and scope of employment;

(B) the coronary or cerebrovascular injury occurred within 24 hours of the specific event; and

(C) the specific event was the prevailing factor in causing the coronary or coronary artery disease or cerebrovascular injury.

(d) Except as provided in the workers compensation act, no construction design professional who is retained to perform professional services on a construction project or any employee of a construction design professional who is assisting or representing the construction design professional in the performance of professional services on the site of the construction project, shall be liable for any injury resulting from the employer's failure to comply with safety standards on the construction project for which compensation is recoverable under the workers compensation act, unless responsibility for safety practices is specifically assumed by contract. The immunity provided by this subsection to any construction design professional shall not apply to the negligent preparation of design plans or specifications.

(e) An award of compensation for permanent partial impairment, work disability, or permanent total disability shall be reduced by the amount of functional impairment determined to be preexisting. Any such reduction shall not apply to temporary total disability, nor shall it apply to compensation for medical treatment.

(1) Where workers compensation benefits have previously been awarded through settlement or judicial or administrative determination in Kansas, the percentage basis of the prior settlement or award shall conclusively establish the amount of functional impairment determined to be preexisting. Where workers compensation benefits have not previously been awarded through settlement or judicial or administrative determination in Kansas, the amount of preexisting functional impairment shall be

established by competent evidence.

(2) In all cases, the applicable reduction shall be calculated as follows:

(A) If the preexisting impairment is the result of injury sustained while working for the employer against whom workers compensation benefits are currently being sought, any award of compensation shall be reduced by the current dollar value attributable under the workers compensation act to the percentage of functional impairment determined to be preexisting. The "current dollar value" shall be calculated by multiplying the percentage of preexisting impairment by the compensation rate in effect on the date of the accident or injury against which the reduction will be applied.

(B) In all other cases, the employer against whom benefits are currently being sought shall be entitled to a credit for the percentage of preexisting impairment.

(f) If the employee receives, whether periodically or by lump sum, retirement benefits under the federal social security act or retirement benefits from any other retirement system, program, policy or plan which is provided by the employer against which the claim is being made, any compensation benefit payments which the employee is eligible to receive under the workers compensation act for such claim shall be reduced by the weekly equivalent amount of the total amount of all such retirement benefits, less any portion of any such retirement benefit, other than retirement benefits under the federal social security act, that is attributable to payments or contributions made by the employee, but in no event shall the workers compensation benefit be less than the workers compensation benefit payable for the employee's percentage of functional impairment. Where the employee elects to take retirement benefits in a lump sum, the lump sum payment shall be amortized at the rate of 4% per year over the employee's life expectancy to determine the weekly equivalent value of the benefits.

Sec. 2. K.S.A. 2015 Supp. 44-510e is hereby amended to read as follows: 44-510e. (a) In case of whole body injury resulting in temporary or permanent partial general disability not covered by the schedule in K.S.A. 44-510d, and amendments thereto, the employee shall receive weekly compensation

as determined in this subsection during the period of temporary or permanent partial general disability not exceeding a maximum of 415 weeks.

(1) Weekly compensation for temporary partial general disability shall be  $66\frac{2}{3}\%$  of the difference between the average weekly wage that the employee was earning prior to the date of injury and the amount the employee is actually earning after such injury in any type of employment. In no case shall such weekly compensation exceed the maximum as provided for in K.S.A. 44-510c, and amendments thereto.

(2) (A) Permanent partial general disability exists when the employee is disabled in a manner which is partial in character and permanent in quality and which is not covered by the schedule in K.S.A. 44-510d, and amendments thereto. Compensation for permanent partial general disability shall also be paid as provided in this section where an injury results in:

(i) The loss of or loss of use of a shoulder, arm, forearm or hand of one upper extremity, combined with the loss of or loss of use of a shoulder, arm, forearm or hand of the other upper extremity;

(ii) the loss of or loss of use of a leg, lower leg or foot of one lower extremity, combined with the loss of or loss of use of a leg, lower leg or foot of the other lower extremity; or

(iii) the loss of or loss of use of both eyes.

(B) The extent of permanent partial general disability shall be the percentage of functional impairment the employee sustained on account of the injury as established by competent medical evidence and based on the fourth edition of the American medical association guides to the evaluation of permanent impairment, if the impairment is contained therein, until January 1, 2015, but for injuries occurring on and after January 1, 2015, based on the sixth edition of the American medical association guides to the evaluation of permanent impairment, if the impairment is contained therein.

(C) An employee may be eligible to receive permanent partial general disability compensation

in excess of the percentage of functional impairment ("work disability") if:

(i) The percentage of functional impairment determined to be caused solely by the injury exceeds 7½% to the body as a whole ~~or the overall functional impairment is equal to or exceeds 10% to the body as a whole in cases where there is preexisting functional impairment; and or~~

(ii) in cases where there is a preexisting functional impairment, the combined impairment for the current injury and the preexisting impairment must be equal to or greater than 10% whole person impairment; and

(iii) the employee sustained a post-injury wage loss, as defined in ~~subsection (a)(2)(E) of~~ K.S.A. 44-510e(a)(2)(E), and amendments thereto, of at least 10% which is directly attributable to the work injury and not to other causes or factors.

In such cases, the extent of work disability is determined by averaging together the percentage of post-injury task loss demonstrated by the employee to be caused by the injury and the percentage of post-injury wage loss demonstrated by the employee to be caused by the injury.

(D) "Task loss" shall mean the percentage to which the employee, in the opinion of a licensed physician, has lost the ability to perform the work tasks that the employee performed in any substantial gainful employment during the five-year period preceding the injury. The permanent restrictions imposed by a licensed physician as a result of the work injury shall be used to determine those work tasks which the employee has lost the ability to perform. If the employee has preexisting permanent restrictions, any work tasks which the employee would have been deemed to have lost the ability to perform, had a task loss analysis been completed prior to the injury at issue, shall be excluded for the purposes of calculating the task loss which is directly attributable to the current injury.

(E) "Wage loss" shall mean the difference between the average weekly wage the employee was earning at the time of the injury and the average weekly wage the employee is capable of earning after the injury. The capability of a worker to earn post-injury wages shall be established based upon a

consideration of all factors, including, but not limited to, the injured worker's age, physical capabilities, education and training, prior experience, and availability of jobs in the open labor market. The administrative law judge shall impute an appropriate post-injury average weekly wage based on such factors. Where the employee is engaged in post-injury employment for wages, there shall be a rebuttable presumption that the average weekly wage an injured worker is actually earning constitutes the post-injury average weekly wage that the employee is capable of earning. The presumption may be overcome by competent evidence.

(i) To establish post-injury wage loss, the employee must have the legal capacity to enter into a valid contract of employment. Wage loss caused by voluntary resignation or termination for cause shall in no way be construed to be caused by the injury.

(ii) The actual or projected weekly value of any employer-paid fringe benefits are to be included as part of the worker's post-injury average weekly wage and shall be added to the wage imputed by the administrative law judge pursuant to K.S.A. 44-510e(a)(2)(E), and amendments thereto.

(iii) The injured worker's refusal of accommodated employment within the worker's medical restrictions as established by the authorized treating physician and at a wage equal to 90% or more of the pre-injury average weekly wage shall result in a rebuttable presumption of no wage loss.

(F) The amount of compensation for whole body injury under this section shall be determined by multiplying the payment rate by the weeks payable. As used in this section: (1) The payment rate shall be the lesser of: (A) The amount determined by multiplying the average weekly wage of the worker prior to such injury by  $66\frac{2}{3}\%$ ; or (B) the maximum provided in K.S.A. 44-510c, and amendments thereto; (2) weeks payable shall be determined as follows: (A) Determine the weeks of temporary compensation paid by adding the amounts of temporary total and temporary partial disability compensation paid and dividing the sum by the payment rate above; (B) subtract from 415 weeks the total number of weeks of temporary compensation paid as determined in (F)(2)(A), excluding the first

15 such weeks; and (3) multiply the number of weeks as determined in (F)(2)(B) by the percentage of functional impairment pursuant to subsection (a)(2)(B) or the percentage of work disability pursuant to subsection (a)(2)(C), whichever is applicable.

(3) When an injured worker is eligible to receive an award of work disability, compensation is limited to the value of the work disability as calculated above. In no case shall functional impairment and work disability be awarded together.

The resulting award shall be paid for the number of disability weeks at the payment rate until fully paid or modified. In any case of permanent partial disability under this section, the employee shall be paid compensation for not to exceed 415 weeks following the date of such injury. If there is an award of permanent disability as a result of the compensable injury, there shall be a presumption that disability existed immediately after such injury. Under no circumstances shall the period of permanent partial disability run concurrently with the period of temporary total or temporary partial disability.

(b) If an employee has sustained an injury for which compensation is being paid, and the employee's death is caused by other and independent causes, any payment of compensation already due the employee at the time of death and then unpaid shall be paid to the employee's dependents directly or to the employee's legal representatives if the employee left no dependent, but the liability of the employer for the payments of compensation not yet due at the time of the death of such employee shall cease and be abrogated by the employee's death.

(c) The total amount of compensation that may be allowed or awarded an injured employee for all injuries received in any one accident shall in no event exceed the compensation which would be payable under the workers compensation act for 100% permanent total disability resulting from such accident.

(d) Where a minor employee or a minor employee's dependents are entitled to compensation under the workers compensation act, such compensation shall be exclusive of all other remedies or

causes of action for such injury or death, and no claim or cause of action against the employer shall inure or accrue to or exist in favor of the parent or parents of such minor employee on account of any damage resulting to such parent or parents on account of the loss of earnings or loss of service of such minor employee.

(e) In any case of injury to or death of an employee, where the employee or the employee's dependents are entitled to compensation under the workers compensation act, such compensation shall be exclusive of all other remedies or causes of action for such injury or death, and no claim or action shall inure, accrue to or exist in favor of the surviving spouse or any relative or next of kin of such employee against such employer on account of any damage resulting to such surviving spouse or any relative or next of kin on account of the loss of earnings, services, or society of such employee or on any other account resulting from or growing out of the injury or death of such employee.";

On page 4, in line 10, after "(c)" by inserting "After implementation of rules and regulations by the director,";

On page 5, following line 18, by inserting:

"Sec. 6. K.S.A. 2015 Supp. 44-550b is hereby amended to read as follows: 44-550b. (a) All records provided to be maintained under K.S.A. 44-550, and amendments thereto, and notwithstanding the provisions of K.S.A. 45-215 et seq., and amendments thereto, shall be open to public inspection, except:

(1) Records relating to financial information submitted by an employer to qualify as a self-insurer pursuant to K.S.A 44-532, and amendments thereto;

(2) records which relate to utilization review or peer review conducted pursuant to K.S.A. 44-510j, and amendments thereto, shall not be disclosed except to the health care provider and as otherwise specifically provided by the workers compensation act;

(3) records relating to private premises safety inspections;

(4) medical records, forms collected pursuant to ~~subsection (b)~~ of K.S.A. 44-567(b), and amendments thereto, accident reports maintained under K.S.A. 44-550, and amendments thereto, and social security numbers pertaining to an individual which shall not be disclosed except:

(A) Upon order of a court of competent jurisdiction;

(B) to the employer, its insurance carrier or its representative, from whom a worker seeks workers compensation benefits;

(C) to the division of workers compensation for its own purposes;

(D) to federal or state governmental agencies for purposes of fraud and abuse investigations and child support enforcement, except that such disclosure shall not then be open to public inspection;

(E) to an employer in connection with any application for employment to an employer, its insurance carrier or representatives providing: (i) A conditional offer of employment has been made; and (ii) the request for records includes a signed release by the individual, identifies the job conditionally offered by the employer and is submitted in writing, either by mail or electronic means. Requests relating to an individual under this subsection shall be considered a record to be maintained and open to public inspection under K.S.A. 44-550, and amendments thereto, except social security numbers;

(F) to the workers compensation fund for its own purposes; and

(G) to the worker upon written release by the worker.

(b) This section shall be part of and supplemental to the workers compensation act.";

Also on page 5, in line 19, after "Supp." by inserting "44-501, 44-510e,"; also in line 19, after "44-510i" by inserting "and 44-550b";

And by renumbering sections accordingly;

On page 1, in the title, in line 1, by striking "the" and inserting "compensation disallowances for substance abuse testing; eligibility for certain disability compensation;"; in line 2, after the second

semicolon by inserting "records disclosure;"; in line 3, after "Supp." by inserting "44-501, 44-510e,"; also in line 3, after "44-510i" by inserting "and 44-550b"; and the bill be passed as amended.
