

May 14, 2015

The Honorable Marvin KleeB, Chairperson  
House Committee on Taxation  
Statehouse, Room 185-N  
Topeka, Kansas 66612

Dear Representative KleeB:

**SUBJECT:** Fiscal Note for HB 2432 by House Committee on Taxation

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2432 is respectfully submitted to your committee.

HB 2432 would give the Secretary of the Kansas Department of Health and Environment (KDHE) exclusive authority to establish a schedule of fees for the thermal treatment of hazardous waste for energy recovery by facilities that manufacture cement, lime and other products. No local government or other entity would be allowed to levy or enforce such fees for the thermal treatment of hazardous waste.

The Kansas Department of Health and Environment has been contacted regarding the fiscal effect of SB 304. At this time, a response has not been received. Should KDHE notify the Division of the Budget that implementation of the bill would have a fiscal effect; a revised fiscal note will be prepared. The Department of Revenue indicates that passage of the bill would have no fiscal effect for the Department.

Sincerely,

Shawn Sullivan,  
Director of the Budget

cc: Aaron Dunkel, Health & Environment  
Jack Smith, Department of Revenue
