38 *reasonably necessary to implement such provisions."*

39 *Sec. 2. The following statement shall be printed on the ballot with*  
40 *the amendment as a whole:*

41 *"Explanatory statement. Current article 10 of the constitution*  
42 *of the state of Kansas governs reapportionment of state*  
43 *legislative districts. It provides for reapportionment by the*

1 legislature and requires it be based on the most recent census  
2 taken by the United States bureau of the census, adjusted to  
3 exclude certain military personnel and certain students  
4 residing at colleges and universities. The revision of article  
5 10 would govern reapportionment of the United States  
6 congressional districts, state legislative districts and the state  
7 board of education member districts. Under the revision, a  
8 redistricting commission would be established to  
9 recommend redistricting plans to the legislature. The  
10 legislature would enact a plan which would be subject to  
11 review by the Kansas supreme court. There would be strict  
12 deadlines for legislative action and if no plan is adopted by  
13 the deadline, the Kansas supreme court would reapportion  
14 the districts. Reapportionment of state legislative districts  
15 would be based on the most recent census taken by the  
16 United States bureau of the census, adjusted to exclude  
17 certain military personnel and certain students residing at  
18 colleges and universities.

19 "A vote for this proposition would change the procedure for  
20 reapportionment of United States congressional, state  
21 legislative and state board of education member districts.

22 "A vote against this proposition would continue the current  
23 procedures and basis for reapportionment."

24 Sec. 3. This resolution, if approved by two-thirds of the members  
25 elected (or appointed) and qualified to the Senate, and two-thirds of the  
26 members elected (or appointed) and qualified to the House of  
27 Representatives shall be entered on the journals, together with the yeas  
28 and nays. The secretary of state shall cause this resolution to be published  
29 as provided by law and shall cause the proposed amendment to be  
30 submitted to the electors of the state at the general election in November  
31 in the year 2016, unless a special election is called at a sooner date by  
32 concurrent resolution of the legislature, in which case it shall be  
33 submitted to the electors of the state at the special election.
