

2-2004. Duties of county commissioners. Further to administer, carry out and make effective the purposes of this act the board of county commissioners of each county, upon knowing or being advised that dust, any plant or weed is blowing from any particular land in the county, are hereby authorized and directed immediately to inspect such land. If it is determined the soil, any plant or weed is blowing therefrom in sufficient quantity to be injurious to the land because of erosion thereof, to nearby land because of dirt blown thereon, to nearby land because of any plant or weed blown thereon or to the public health because of dust therefrom blown into the air, they shall determine what, if anything, can be done to prevent or materially lessen the soil, any plant or weed blowing from such land, and if in their judgment that can be accomplished by prompt cultivation of the soil in some manner, they are authorized and directed to order work to be done and the time when and the type of work to be done. The board of county commissioners may order that the land be disced, listed, chiseled, cultivated, chopped or worked by any other method of control approved by the board. In all cases, where it can be done reasonably, the board of county commissioners shall confer with the owner of the land before determining or ordering work to be done thereon, and advise the owner of their conclusions and give the owner an opportunity to do the work they conclude should be done, but if the owner cannot be consulted without unreasonable delay, or cannot or will not do the work in the manner and within the time it should be done, the board of county commissioners may do the work, or employ someone to do it, and issue its warrants to pay the actual cost thereof, and pay such warrants from the fund hereinafter provided, without regard to any other statute pertaining to the issuing or paying of county warrants.
