

2016 Kansas Statutes

17-4762. Township authorized to administer, receive and expend federal funds. If, prior to the effective date of this act, any persons residing within a township and outside the corporate limits of any city having [have]submitted an application to an agency of the United States government for moneys to assist in providing additional housing facilities in the community in which such persons reside, the governing body of the township, in which such persons reside shall be authorized, upon approval of such project application, to administer such project and to receive and expend any federal moneys granted therefor in accordance with any terms, rules, regulations or requirements of the federal agency granting such moneys.

History: L. 1971, ch. 324, § 1; April 9.
