

2016 Kansas Statutes

19-28,101. Same; preliminary and working plans, when; survey and preparation of contracts before bids. If and when such board of county commissioners decides to proceed with proposed park improvements, including acquisition of additional land, if any, it shall instruct its qualified and appointed park engineers to submit preliminary plans and recommendations and to then prepare working plans and specifications, survey or cause to be surveyed any additional land, if required, and further prepare contract in bid form for construction of park improvements which will require the approval of such board of county commissioners before taking competitive bids for construction in the usual manner in which public business of counties is conducted under the laws of Kansas.

History: L. 1963, ch. 191, § 5; L. 1975, ch. 176, § 1; July 1.
