

58-712. Same; evidence of death or status. In addition to the rules of evidence in courts of general jurisdiction, the following rules relating to a determination of death and status apply:

(1) Death occurs when an individual is determined to be dead under the uniform determination of death act, K.S.A. 77-204 *et seq.* and amendments thereto;

(2) A certified or authenticated copy of a death certificate purporting to be issued by an official or agency of the place where the death purportedly occurred is prima facie evidence of the fact, place, date and time of death and the identity of the decedent.

(3) A certified or authenticated copy of any record or report of a governmental agency, domestic or foreign, that an individual is missing, detained, dead, or alive is prima facie evidence of the status and of the dates, circumstances and places disclosed by the record or report.

(4) In the absence of prima facie evidence of death under paragraph (2) or (3), the fact of death may be established by clear and convincing evidence, including circumstantial evidence.

(5) An individual whose death is not established under the preceding paragraphs who is absent for a continuous period of five years, during which the individual has not been heard from, and whose absence is not satisfactorily explained after diligent search or inquiry, is presumed to be dead. Such individual's death is presumed to have occurred at the end of the period unless there is sufficient evidence for determining that death occurred earlier.

(6) In the absence of evidence disputing the time of death stipulated on a document described in paragraph (2) or (3), a document described in paragraph (2) or (3) that stipulates a time of death 120 hours or more after the time of death of another individual, however the time of death of the other individual is determined, establishes by clear and convincing evidence that the individual survived the other individual by 120 hours.
