

**65-1663. Registration of pharmacy technicians; applications; registration fee; qualifications for registration; expiration and renewal of registration; grounds for denial of application or registration; revocation, suspension or limitation of registration; responsibilities of pharmacists and pharmacies; rules and regulations.** (a) It shall be unlawful for any person to function as a pharmacy technician in this state unless such person is registered with the board as a pharmacy technician. Every person registered as a pharmacy technician shall pass one or more examinations identified and approved by the board within the period or periods of time specified by the board after becoming registered. The board shall adopt rules and regulations identifying the required examinations, when they must be passed and establishing the criteria for the required examinations and passing scores. The board may include as a required examination any national pharmacy technician certification examination.

(b) All applications for registration shall be made on a form to be prescribed and furnished by the board. Each application for registration shall be accompanied by a registration fee fixed by the board by rule and regulation not to exceed \$50.

(c) The board shall take into consideration any felony conviction of an applicant, but such conviction shall not automatically operate as a bar to registration.

(d) Except as otherwise provided in this subsection, each pharmacy technician registration issued by the board shall expire every two years. The expiration date shall be established by rules and regulations adopted by the board. To provide for a system of biennial renewal of pharmacy technician registrations, the board may provide by rules and regulations that registrations issued or renewed may expire less than two years from the date of issuance or renewal. Each applicant for renewal of a pharmacy technician registration shall be made on a form prescribed and furnished by the board and shall be accompanied by a renewal fee fixed by the board by rule and regulation not to exceed \$25. Pharmacy technician registration renewal fees may be prorated for registration periods which are less than biennial in accordance with rules and regulations of the board. Except as otherwise provided in this subsection, the application for registration renewal, when accompanied by the renewal fee and evidence satisfactory to the board that the person has successfully complied with the rules and regulations of the board establishing the requirements for a program of continuing pharmacy technician education and received by the executive secretary of the board on or before the date of expiration of the registration, shall have the effect of temporarily renewing the applicant's registration until actual issuance or denial of the renewal registration. If at the time of filing a proceeding is pending before the board which may result in the suspension, probation, revocation or denial of the applicant's registration, the board may by emergency order declare that the application for renewal shall not have the effect of temporarily renewing such applicant's registration. If the renewal fee is not paid prior to the expiration date of the renewal year, the registration is void.

(e) (1) The board may limit, suspend or revoke a registration or deny an application for issuance or renewal of any registration as a pharmacy technician on any ground, which would authorize the board to take action against the license of a pharmacist under K.S.A. 65-1627, and amendments thereto.

(2) The board may require a physical or mental examination, or both, of a person applying for or registered as a pharmacy technician.

(3) The board may temporarily suspend or temporarily limit the registration of any pharmacy technician in accordance with the emergency adjudicative proceedings under the Kansas administrative procedure act if the board determines that there is cause to believe that grounds exist for disciplinary action under this section against the registrant and that the registrant's continuation of pharmacy technician functions would constitute an imminent danger to the public health and safety.

(4) Proceedings under this section shall be subject to the Kansas administrative procedure act.

(f) Every registered pharmacy technician, within 30 days of obtaining new employment, shall furnish the board's executive secretary notice of the name and address of the new employer.

(g) Each pharmacy shall at all times maintain a list of the names of pharmacy technicians employed by the pharmacy. A pharmacy technician shall work under the direct supervision and control of a pharmacist. It shall be the responsibility of the supervising pharmacist to determine that the pharmacy technician is in compliance with the applicable rules and regulations of the board, and the supervising pharmacist shall be responsible for the acts and omissions of the pharmacy technician in the performance of the pharmacy technician's duties. The ratio of pharmacy technicians to pharmacists in the prescription area of a pharmacy shall be prescribed by the board by rule and regulation. Any change in the ratio of pharmacy technicians to pharmacists in the prescription area of the pharmacy must be adopted by a vote of no less than six members of the board.

(h) A person holding a pharmacy technician registration shall display such registration in that part of the place of business in which such person is engaged in pharmacy technician activities.

(i) The board shall adopt such rules and regulations as are necessary to ensure that pharmacy technicians are adequately trained as to the nature and scope of their lawful duties.

(j) The board may adopt rules and regulations as may be necessary to carry out the purposes and enforce the provisions of this act.

(k) This section shall be part of and supplemental to the pharmacy act of the state of Kansas.
