

65-34,135. Underground storage tank operators, training program; requirements. (a) Operators of underground storage tanks must complete a training program commensurate with their responsibility for the operation of underground storage tanks. The training program shall be approved by the department and will encompass three levels of training:

- (1) Persons having primary responsibility for on-site operation and maintenance of underground storage tank systems;
 - (2) persons having daily on-site responsibility for the operation and maintenance of underground storage tank systems;
 - (3) daily, on-site employees having primary responsibility for addressing emergencies presented by a spill or release from an underground storage tank system.
- (b) Storage tank operators must demonstrate that they have completed the training required by the department in order to obtain an annual permit for the operation of underground storage tanks.
- (c) Operators of underground storage tanks must repeat the applicable training if the tank for which they have primary daily on-site management responsibilities is determined to be out of compliance with a requirement or a standard of the department.
- (d) This section shall be part of and supplemental to the Kansas storage tank act.

History: L. 2007, ch. 34, § 1; July 1.
