(a) Each year, the state board of education shall determine the amount of state aid for the provision of special education and related services each school district shall receive for the ensuing school year. The amount of such state aid shall be computed by the state board as provided in this section. The state board shall:

- (1) Determine the total amount of general fund and local option budgets of all school districts;
- (2) subtract from the amount determined in subsection (a)(1) the total amount attributable to assignment of transportation weighting, program weighting, special education weighting and at-risk pupil weighting, as those weightings were calculated under the school district finance and quality performance act, prior to its repeal, to enrollment of all school districts;
- (3) divide the remainder obtained in subsection (a)(2) by the total number of full-time equivalent pupils enrolled in all school districts on September 20;
- (4) determine the total full-time equivalent enrollment of exceptional children receiving special education and related services provided by all school districts;
- (5) multiply the amount of the quotient obtained in subsection (a)(3) by the full-time equivalent enrollment determined in subsection (a)(4);
- (6) determine the amount of federal funds received by all school districts for the provision of special education and related services;
- (7) determine the amount of revenue received by all school districts rendered under contracts with the state institutions for the provisions of special education and related services by the state institution;
- (8) add the amounts determined under subsections (a)(6) and (a)(7) to the amount of the product obtained under subsection (a)(5);
- (9) determine the total amount of expenditures of all school districts for the provision of special education and related services;
- (10) subtract the amount of the sum obtained under subsection (a)(8) from the amount determined under subsection (a)(9); and
- (11) multiply the remainder obtained under subsection (a)(10) by 92%.

The computed amount is the amount of state aid for the provision of special education and related services aid a school district is entitled to receive for the ensuing school year.
