Thanks for convening in such a short</p> <p>3 time. What we will be doing, but not right now,</p> <p>4 we are still waiting on some more agreements to be</p> <p>5 made, but what we are trying to do -- will be</p> <p>6 doing is we will be -- the House has been</p> <p>7 rereferred to House Bill 2001 and we will be</p> <p>8 working that bill. Revisors are still working on</p> <p>9 it. It is not done at this time, so we are</p> <p>10 probably going to -- we'll come back and work it</p> <p>11 around 2:30.</p> <p>12 All along, our goal has been to provide the</p> <p>13 most certainty as possible for our students and</p> <p>14 our teachers and our parents that schools will</p> <p>15 remain open, and what we will be bringing forward</p> <p>16 is that certainty. And we will have agreements</p> <p>17 from many parties, but that bill is still being</p> <p>18 drafted and is something that we have been working</p> <p>19 with Senator Masterson on, as well as other</p> <p>20 leaders, to make sure, again, that we have</p> <p>21 complete certainty that our schools remain open.</p> <p>22 Any questions? Again, we will be working the</p> <p>23 bill, but since it's not drafted, it's not</p> <p>24 finished yet, we'll probably have to wait at least</p> <p>25 an hour. Also, we want to make sure that all</p>

All right, we will</p> <p>2 reconvene -- Representative Johnson.</p> <p>3 REP. JOHNSON: Thank you, Mr. Chairman.</p> <p>4 Thanks for the update. Would there be, before the</p> <p>5 bill is prepared, any of the explainers that will</p> <p>6 be ready if we would need any earlier than that</p> <p>7 time?</p> <p>8 CHAIRMAN RYCKMAN: We, basically, want to</p> <p>9 make sure that the schools are in complete</p> <p>10 agreement, the ones that brought the litigation,</p> <p>11 as well as the rest of our -- the leaders that</p> <p>12 have been working on these bills and other members</p> <p>13 of our caucus. So we are still in that phase, but</p> <p>14 we -- again, the bill is being drafted and we can</p> <p>15 hopefully look at it about 2:30.</p> <p>16 Any other questions? We will recess to 2:30.</p> <p>17 (THEREUPON, a recess was taken.)</p> <p>18 CHAIRMAN RYCKMAN: I will call the</p> <p>19 meeting back to order. Our advisors and attorneys</p> <p>20 are still working on the bill. We will recess</p> <p>21 until 3:30.</p> <p>22 (THEREUPON, a recess was taken.)</p> <p>23 CHAIRMAN RYCKMAN: We will reconvene our</p> <p>24 meeting. The committee will now work on HB 2001.</p> <p>25 There has been further discussion. Agreement has</p>

<p style="text-align: right;">Page 5</p> <p>1 been reached on the components of the school 2 finance litigation. 3 As I mentioned earlier, we'll have a surety 4 that our schools will remain open and that our 5 students and teachers and community will be able 6 to have a stay in that assurance that the schools 7 will not be disrupted by litigation this fall. 8 I will ask Jill to give us a brief 9 explanation -- or, excuse me, a briefing on the 10 bill. 11 MS. WOLTERS: So just to walk through the 12 mechanics before you, you should have 16rs9055 13 which was handed out to you. This is identical to 14 2001, except the following things that I'm going 15 to point out to you, and you can find them on your 16 bill and we'll walk through that. 17 So the first thing that you'll want to note 18 is that on page 2, Subsection B is gone from the 19 bill. There was a section that general state aid, 20 all school districts, all U.S.D.s got general 21 state aid at 99.5 percent, that's gone. That's no 22 longer in the bill. It's gone. You can see B 23 starts into the amount of the lapsed from the 24 block grants. 25 Then your next change is the amount of the</p>	<p style="text-align: right;">Page 7</p> <p>1 recognizing that. If and when that sale occurs, I 2 believe it's anticipated to occur, that the money 3 in between 25 and 38, which is 13,000,000, will go 4 into SGF. So that money will be there. 5 So if we would go back then to the amendments 6 on 4 and 5, one of the reasons that the 7 extraordinary need fund could be used for would be 8 the difference in that sale amount. So if the 9 sale is lower than 38,000,000, there is a 10 possibility, this bill grants the possibility of 11 the authority for state general fund to be 12 backfilled from the extraordinary need fund. So 13 the possibility is there. 14 And I think Eddie, Edward, is going to review 15 the actual numbers. But from the language, I'd be 16 pleased to stand for any questions of that, but 17 Edward is going to go through the numbers. 18 CHAIRMAN RYCKMAN: I think it might be 19 easier to explain if Eddie would go ahead and work 20 through the numbers and then we'll both let you 21 stand for questions. 22 MR. PENNER: Thank you, Mr. Chairman. 23 I'll start with the white sheet, which is the 24 state total, and then move over to the light 25 purple stapled sheets after that. The white sheet</p>
<p style="text-align: right;">Page 6</p> <p>1 block grants. The amount of the block grants used 2 to be 15.8, it's now 2.8. So that 13,000,000 that 3 was coming out of gen state aid is gone. That 4 amount is not getting lapsed from the block grant. 5 Nothing changed on virtual state aid. 6 Your next change is on page 4, the bottom 7 proviso. On the second line from the bottom, you 8 see "and provided however." These next three 9 provisos are new. They are additions to the bill. 10 And I'm going to have a pause right there and take 11 you to page 6, new Section 4 was added. And what 12 this section says is during fiscal year '17, if 13 the legislature or state finance council 14 authorizes the sale of the Kansas Bioscience 15 Authority, the amount of money in between the 16 25,000,000 and the 38,000,000, 13,000,000, will go 17 into SGF. 18 Now, you might recall that was House Bill 19 2632, part of the star bond and the KBA sale bill 20 that you passed in the 2016 session. So just two 21 months ago this bill would have passed. Current 22 law used to be that only the legislature could 23 authorize the sale of KBA, but you amended that 24 section and allowed the State Finance Council to 25 authorize the sale of KBA. So we are just</p>	<p style="text-align: right;">Page 8</p> <p>1 is similar to the sources of funds summary that 2 Representative Carpenter requested yesterday. 3 As you see, at the top the estimated LOB 4 state aid cost for FY '17 is 467,000,000. Nothing 5 changed there. Nothing changed in the second 6 line, which is the current appropriation. Nothing 7 changed in the third line, which is the LOB 8 appropriation in this bill. What has changed is 9 the section of the sources of funds. 10 Within that section, the first is the hold 11 harmless from 2655. That is the same as it was 12 previously. The 2.8 in virtual is the same as it 13 was previously. The 7.2 in extraordinary need 14 fund is the same as it was previously. The 4.1 in 15 TANF is the same as it was previously. And I'll 16 skip one and go down to the bottom, the 10.5 17 remainder from the master settlement agreement is 18 the same as it was previously. What has changed 19 in this is that the 13,000,000 that was coming 20 from the general state aid adjustment, the 0.5 21 percent is gone, and that is replaced by the 22 13,000,000 from the Kansas Bioscience Authority 23 sale proceeds in excess of 25,000,000. 24 And then you'll notice there is an asterisk 25 to that. That indicates that if the sale of the</p>

1 Kansas Bioscience Authority generates less than
2 38,000,000, up to 8,000,000 of the extraordinary
3 need fund, which is the entirety of the
4 extraordinary need fund, will be reduced by the
5 amount that the sale is less than 38,000,000.

6 If you'd like, I'll stop there for questions
7 on that page or I can proceed directly on to the
8 other pages.

9 CHAIRMAN RYCKMAN: Any questions of
10 Eddie? Please proceed.

11 MR. PENNER: The second packet is the
12 run for the districts on this. This is nearly
13 identical to the run that we handed out yesterday,
14 with the exception that the first column that was
15 the general state aid adjustment is eliminated,
16 and accordingly the totals are affected. However,
17 the three columns, the LOB adjustment, the capital
18 outlay adjustment and the virtual aid adjustment
19 are all still there. None of those changed, just
20 the total.

21 I would note, once again, same as yesterday,
22 the capital outlay adjustment was actually from
23 House Bill 2655 during the regular session. The
24 LOB adjustment and the virtual aid adjustment are
25 from this bill. And with that, I would stand for

1 What information has come forward that would give
2 this committee some type of information or ease
3 that there is an additional 13,000,000 from the
4 Bioscience that we could use for schools?

5 CHAIRMAN RYCKMAN: Basically, this allows
6 any proceeds above the 25,000,000 to make that
7 payment, but the 13,000,000 has already been
8 lapsed. So the .05, half percent cut is no
9 longer, regardless of the sale of the Bioscience
10 Authority. The proceeds of the Bioscience
11 Authority, if they are greater than 25,000,000,
12 that would then first go and backfill the loss to
13 the state budget. If it does not get the entire
14 13, then the extraordinary needs would be used to
15 supplement the difference between the 13,000,000.

16 MR. HENRY: So if we don't have a robust
17 sale, then it will turn back to the schools in the
18 extraordinary needs and will deplete that fund, is
19 the alternative?

20 CHAIRMAN RYCKMAN: Yes. This -- again,
21 the proceeds over \$25,000,000, if they -- if it is
22 over 13,000,000, then the extraordinary needs fund
23 would not be adjusted.

24 MR. HENRY: Did we receive a letter from
25 someone that said we have a potential to sell it

1 any questions for that.

2 Mr. Chairman, J.G. just brought to my
3 attention that there is a typo in the current LOB
4 state aid appropriation. It says 376.6 million.
5 That is, in fact, 367.6 million. That would cause
6 the sum to get to 467. That would cause the sum
7 to be correct at the top, the 467 million.

8 CHAIRMAN RYCKMAN: Any questions? Eddie,
9 please continue.

10 MR. PENNER: No, I was just --

11 CHAIRMAN RYCKMAN: Any questions on the
12 purple sheet?

13 Okay, Representative Schwartz.

14 MS. SCHWARTZ: Thank you, Mr. Chairman.
15 I move to amend House Bill 2001 by replacing the
16 contents of House Bill 2001 with the contents of
17 the proposed substitute for House Bill 2001.

18 CHAIRMAN RYCKMAN: A second by
19 Representative Barker. All right. For
20 discussion. Any discussion on the motion?

21 Representative Henry.

22 MR. HENRY: Mr. Chairman, could you
23 enlighten the committee about -- I mean, we were
24 informed that the sale of Bioscience was
25 25,000,000, and now it's jumped to 38,000,000.

1 more than 25 than what we had in the regular
2 session where we had discussion and a hearing on
3 that issue?

4 CHAIRMAN RYCKMAN: I believe that the
5 numbers were preliminary when you heard them. I
6 believe there really hasn't been a floor set, but
7 it is being brokered and discussed and could --
8 the complexities of the investments are still out
9 there to be determined by the market.

10 MR. HENRY: So passage of this bill, and
11 hopefully through the House and Senate and the
12 Governor's signature, does that -- does it entail
13 that we can tell the citizens of Kansas there will
14 be no cuts to public education?

15 CHAIRMAN RYCKMAN: The -- this -- the
16 certainty this bill provides is a joint
17 stipulation of Constitutional compliance that the
18 plaintiffs and the Attorney General will go
19 together to the Supreme Court, upon passage of
20 this bill, signature of the Governor, and again
21 the plaintiffs and the state will do a joint
22 stipulation of Constitutional compliance to give a
23 surety to our state that schools remain open.

24 MR. HENRY: Thank you, Mr. Chairman.

25 CHAIRMAN RYCKMAN: Any other questions.

<p style="text-align: right;">Page 13</p> <p>1 Not seeing any, all in favor of the amendment say 2 aye. (Voice vote.) Opposed? This amendment 3 carries. 4 I do have one more amendment I'd like to add 5 on, and it's not drafted yet, so we are working 6 through it. To buy more certainty to schools, as 7 we know, the timing of the budget could come prior 8 to the sale of the Bioscience Authority. As 9 extraordinary needs funds is now, if this bill 10 passes, to be administered by the Department of 11 Education. The districts would, if they don't -- 12 if they can't -- the money doesn't come during 13 their -- if the money does not come before their 14 budgeting period, the districts will not be able 15 to use the money this fiscal year. And so what 16 this would do is basically allow the Department to 17 still authorize funds that are contingent upon the 18 sale, but our districts will then be allowed to 19 budget the funds and they wouldn't have to wait 20 until next year to use them. So if the -- if the 21 money doesn't come in, then, of course, they 22 wouldn't be there. But if the money does come in, 23 when the money does come in, if it's past their 24 budgeting period, they could not spend it without 25 reauthorizing and publishing their budgets, and</p>	<p style="text-align: right;">Page 15</p> <p>1 the schools to budget for the money. As all their 2 budgets, if the money does not come in, they don't 3 spend it. But if the money comes in and it's not 4 in their budget, although they have received the 5 money, they cannot spend it this fiscal year. 6 This allows them to spend it if they budget for 7 it. 8 REP. GROSSERODE: Thank you. 9 CHAIRMAN RYCKMAN: Any other discussion? 10 All in favor of this amendment, say aye? (Voice 11 vote.) Opposed? Amendment carries. 12 Representative Schwartz. 13 MS. SCHWARTZ: Thank you, Mr. Chair. I 14 move House Bill 2001 as amended be recommend 15 favorably for passage as a substitute bill. 16 CHAIRMAN RYCKMAN: Second by 17 Representative Claeys. Any discussion? 18 All in favor of passage of House Bill 2001 19 favorably as a substitute bill, say aye? (Voice 20 vote.) Opposed? Bill passes. 21 Committee, we are adjourned. 22 (THEREUPON, the hearing concluded at 23 4:03p.m.; WHEREUPON, the hearing reconvened at 24 4:55 p.m.) 25 CHAIRMAN RYCKMAN: The committee will</p>
<p style="text-align: right;">Page 14</p> <p>1 that is to be drafted. 2 Second by Representative Schwartz. 3 Discussion? 4 Representative Barker. 5 REP. BARKER: Do we have a time period 6 when this amendment will be drafted so that we'll 7 have it on the floor? 8 CHAIRMAN RYCKMAN: It will be included in 9 the substitute bill, but would not be turned in 10 until Jill is finished drafting it. 11 REP. BARKER: Okay, thank you, Mr. 12 Chairman. 13 CHAIRMAN RYCKMAN: Any other questions? 14 Representative Grosserode. 15 REP. GROSSERODE: Thank you, Mr. Chair. 16 So clarification, it's drafted as a proviso, 17 correct? 18 CHAIRMAN RYCKMAN: Correct. 19 REP. GROSSERODE: And, basically, that 20 the Department of Ed is basically to act as if the 21 sale -- that able to realize 13,000,000 from 22 additional -- from the sale of KBA, even though we 23 have yet to have that sale go through. Is that 24 basically the language of the -- 25 CHAIRMAN RYCKMAN: Right. It does allow</p>	<p style="text-align: right;">Page 16</p> <p>1 entertain a motion to reconsider a sub for House 2 Bill 2001. 3 Representative Schwartz. 4 MS. SCHWARTZ: Thank you, Mr. Chair. I 5 make the motion and move the committee reconsider 6 our action on substitute for House Bill 2001. 7 CHAIRMAN RYCKMAN: Representative by -- 8 excuse me, second by Representative Barker. Any 9 discussion? 10 All in favor, say aye? (Voice vote.) Motion 11 carries. 12 We will have further discussion on the bill. 13 I have an amendment. The amendment would direct 14 5,000,000 from the vehicle modernization fee to 15 the extraordinary needs fund. 16 I move my amendment. Second by 17 Representative Grosserode. Discussion? 18 This does raise the funds from 8 to 13 inside 19 the extraordinary needs fund. Any other 20 clarification or questions? 21 All in favor of this amendment, say aye? 22 (Voice vote.) Opposed? Amendment carries. 23 Representative Schwartz. 24 MS. SCHWARTZ: Thank you, Mr. Chair. I 25 make a motion to move House Bill 2001 as amended</p>

1 by the committee as a substitute bill and
2 recommend it favorably for passage.

3 CHAIRMAN RYCKMAN: Second by
4 Representative Hutton. Any discussion?
5 All in favor, say aye? (Voice vote.)
6 Opposed?

7 Senate substitute for House Bill 2001 as
8 amended passes favorably for passage. It's a
9 substitute bill. We are adjourned.
