The Kansas Board of Barbering indicates that enactment of HB 2662 would allow the agency to implement a 12.0 percent across-the-board increase in fees beginning in January 2019. This would result in increased revenue in FY 2019 of \$8,175 and approximately \$17,000 annually for each year following. The agency plans to use revenues from the increased fees for updated technology and a new vehicle and would determine every three years following the initial increase whether fees should be increased again. Any fiscal effect associated with HB 2662 is not reflected in *The FY 2019 Governor's Budget Report*.

Sincerely,

Larry L. Campbell
Chief Budget Officer
