Thank you Mr. Chairman Proehl and Committee and thank you for taking time to read my testimony in support if this bill.

My name is Linda Van Sickle and I am writing to give my voice in support of HB2678, the Choose Life License plate. I am a mother of four and a grandmother of twelve. There is not one of these precious individuals I could ever imagine not being a part of our family. I firmly support and believe that life comes from God and every human being conceived has a God given right to that life. I would count it an honor to display a license plate to honor the right to life. Thank you Chairman Poehl and Committee for your time and consideration in the reading of this letter in support of the HB2678 bill. I pray when you work this bill it will pass as favorable from the committee.

Thank you
Linda D. Van Sickle
