Thank you, Mr. Chairman Proehl and Committee. Thank you for taking the time to read my testimony.

My name is Abbigail Collins. I am an eighth-grade student. I am emailing to voice my support for HB2678, the Choose Life license plate.

I believe the Bible says abortion is wrong. Those are babies and people are killing them. I know they're unborn but it's still a life. It's still a person that could've grown up to do wonderful things. They even could've become the president, but they can't if we don't choose life. I wouldn't be here right now if someone didn't choose life. I hope and pray that you do to. So, I'm asking you to vote in favor of the license plate and choose life.

Thank you Chairman Proehl and Committee. It was an honor that you took the time to listen to me. Thank you for your consideration. I pray that when you work this bill you would pass it out favorably from your committee.

Thank you,

Abbigail Collins
