

Testimony Before The  
**SENATE COMMITTEE ON ETHICS, ELECTIONS AND LOCAL GOVERNMENT**

In Support of HB 2094

Presented on behalf of the  
Johnson County Board of County Commissioners

By

Larry McAulay  
Assistant County Counselor

March 8, 2017

Madam Chair and Members of the Committee:

Thank you for the opportunity to present testimony in support of HB 2094, which amends K.S.A. 12-2908 relating to contracts between municipalities. The Johnson County Board of County Commissioners supports the Bill as passed by the House.

K.S.A. 12-2908 is a useful tool for cities, counties and townships when entering into agreements to cooperatively perform certain governmental services. Some examples of how Johnson County has used this statute in recent years include information technology services, public road improvements, housing assistance programs, and stormwater management projects.

Due to the limited definition of the word “municipality” in the statute, Johnson County does not have the opportunity to use this statute to enter into similar contracts with local municipalities that are not listed in the statute. The proposed amendment would expand the definition of “municipality” in K.S.A. 12-2908 to include school districts, library districts, road districts, water districts, drainage districts, sewer districts, and fire districts. This change will create additional opportunities for cooperative efforts by local governmental entities, leading to enhanced efficiencies, dedicated expertise and cost savings.

We appreciate your consideration and ask that you support the adoption of HB 2094 as passed by the House.

Thank you.
